

Imperial Tobacco Finance PLC

(Incorporated with limited liability in England and Wales with registered number 03214426)

€15,000,000,000

Debt Issuance Programme

Irrevocably and unconditionally guaranteed by

Imperial Tobacco Group PLC

(Incorporated with limited liability in England and Wales with registered number 03236483)

This Prospectus amends, restates and supersedes the offering circular dated 15th December 2011. Any Notes issued after the date hereof under the Debt Issuance Programme described in this Prospectus (the "Programme") are issued subject to the provisions set out herein. This Prospectus will not be effective in respect of any Notes issued under the Programme prior to the date hereof.

Under the Programme, Imperial Tobacco Finance PLC ("Imperial Finance" or the "Issuer"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue debt securities (the "Notes") guaranteed by Imperial Tobacco Group PLC ("Imperial Tobacco" or the "Guarantor") and Imperial Tobacco Limited ("ITL"). Please see the Trust Deed dated 21st February 2014 (the "Trust Deed") which is available for viewing by Noteholders as described on page 99 for further details about the Imperial Tobacco guarantee and page 82 for further details regarding the ITL guarantee. The aggregate nominal amount of Notes outstanding will not at any time exceed €15,000,000,000 (or the equivalent in other currencies).

Application has been made to the Financial Conduct Authority in its capacity as competent authority (the "U.K. Listing Authority") for Notes issued under the Programme for the period of 12 months from the date of this Prospectus to be admitted to the official list of the U.K. Listing Authority (the "Official List") and to the London Stock Exchange plc (the "London Stock Exchange") for such Notes to be admitted to trading on the London Stock Exchange's Regulated Market (the "Market"). References in this Prospectus to Notes being "listed" (and all related references) shall mean that such Notes have been admitted to trading on the Market and have been admitted to the Official List. The Market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2004/39/EC).

Each Series (as defined below) of Notes in bearer form will be represented on issue by a temporary global note in bearer form (each a "temporary Global Note") or a permanent global note in bearer form (each a "permanent Global Note"). Notes in registered form ("Registered Notes") will be represented by registered certificates (each a "Certificate"), one Certificate being issued in respect of each Noteholder's entire holding of Registered Notes of one Series. Global Notes and Certificates may (i) if the Global Notes are intended to be issued in new global note ("NGN") form or if the Global Certificates are intended to be held under the New Safekeeping Structure (the "NSS"), as specified in the relevant Final Terms, be deposited on the issue date with a common safekeeper (the "Common Safekeeper") for Euroclear Bank S.A./N.V. ("Euroclear") and Clearstream Banking, *société anonyme* ("Clearstream, Luxembourg"); and (ii) if the Global Notes are intended to be issued in classic global note ("CGN") form, or if the Global Certificates are not intended to be held under the NSS as specified in the relevant Final Terms, be deposited on the issue date with a common depository on behalf of Euroclear and Clearstream, Luxembourg. The provisions governing the exchange of interests in Global Notes for other Global Notes and definitive Notes are described in "Summary of Provisions Relating to the Notes while in Global Form".

Imperial Tobacco has a solicited long term debt rating of Baa3 by Moody's Investors Service Ltd ("Moody's"), BBB by Standard & Poor's Credit Market Services Europe Limited ("S&P") and BBB by Fitch Italia S.p.A. ("Fitch"). The Programme has been rated Baa3 by Moody's and BBB by S&P. Moody's, S&P and Fitch are established in the European Union and are registered under Regulation (EC) No. 1060/2009 (as amended) (the "CRA Regulation").

Notes issued under the Programme may be rated or unrated by any one or more of the rating agencies referred to above. Where a Tranche (as defined below) of Notes is rated, such solicited rating will be disclosed in the Final Terms and will not necessarily be the same as the solicited rating assigned to the Programme by Moody's and S&P. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the factors described under the section headed "Risk Factors" in this Prospectus.

IMPORTANT INFORMATION

This Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer, the Guarantor and the Notes which, according to the particular nature of the Issuer, the Guarantor and the Notes, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer and the Guarantor, and of the rights attaching to the Notes.

The Issuer, the Guarantor and ITL accept responsibility for the information contained in this Prospectus and the Final Terms for each Tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer, the Guarantor and ITL (which have taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Prospectus is to be read in conjunction with all documents incorporated herein by reference (see “Documents Incorporated by Reference”).

Each of the Issuer, the Guarantor and ITL, having made all reasonable enquiries, confirms that this Prospectus contains all information with respect to the Issuer, the Guarantor and the Guarantor’s subsidiaries and affiliates taken as a whole (the “Group”) and the Notes that is material in the context of the issue and offering of the Notes, the statements contained in it relating to the Issuer, the Guarantor and the Group are in every material aspect true and accurate and not misleading, the opinions and intentions expressed in this Prospectus with regard to the Issuer, the Guarantor and the Group are honestly held, have been reached after considering all relevant circumstances and are based on reasonable assumptions, there are no other facts in relation to the Issuer, the Guarantor, the Group or the Notes the omission of which would, in the context of the issue and offering of the Notes, make any statement in this Prospectus misleading in any material respect and all reasonable enquiries have been made by the Issuer, the Guarantor and ITL to ascertain such facts and to verify the accuracy of all such information and statements.

The Notes are irrevocably and unconditionally guaranteed by the Guarantor as described in the Trust Deed and by ITL by way of an amended and restated deed of guarantee dated 21st February 2014. The ITL guarantee will terminate in the circumstances set out in the deed of guarantee and is summarised in the section entitled “Imperial Tobacco Limited”.

No person has been authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the issue or sale of the Notes and, if given or made, such other information or representation must not be relied upon as having been authorised by the Issuer, the Guarantor or any of the Dealers or the Arranger (as defined in “Overview of the Programme”). Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Guarantor since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer or the Guarantor since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

IMPORTANT INFORMATION RELATING TO THE USE OF THIS PROSPECTUS AND OFFERS OF NOTES GENERALLY

This Prospectus does not constitute an offer of, or an invitation or solicitation by or on behalf of the Issuer, the Guarantor or any of the Dealers or the Arranger to subscribe for, or purchase, any Notes. The distribution of this Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Guarantor, the Dealers and the Arranger do not represent that this Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no

action has been taken by the Issuer, the Guarantor or any of the Dealers or the Arranger which is intended to permit a public offering of any Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus or any Notes may come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes.

No representation, warranty or undertaking, express or implied, is made by the Arranger, any Dealer or the Trustee (as defined herein), and to the fullest extent permitted by law, the Arranger, the Dealers and the Trustee disclaim all responsibility or liability which they might otherwise have, as to the accuracy or completeness of the information contained in this Prospectus or any other financial statement or any further information supplied in connection with the Programme, the Issuer, the Guarantor or the Notes or their distribution. The statements made in this paragraph are made without prejudice to the responsibility of the Issuer and the Guarantor under the Programme. Neither this Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Guarantor, the Arranger or the Dealers that any recipient of this Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer or the Guarantor during the life of the arrangements contemplated by this Prospectus nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

The minimum denomination of the Notes shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;*
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;*
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;*
- (iv) understands thoroughly the terms of the relevant Notes and is familiar with the behaviour of any relevant indices and financial markets; and*
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.*

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its financial and legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisors or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “Securities Act”) and include Notes in bearer form that are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered within the United States or to, or for the benefit of, U.S. persons (as defined in Regulation S under the Securities Act). For a description of certain restrictions on offers and sales of Notes and on distribution of this Prospectus, see “Subscription and Sale”.

STABILISATION

In connection with the issue of any Tranche of Notes (as defined in “Overview of the Programme – Method of Issue”), one or more relevant Dealers (the “Stabilising Manager(s)”) (or persons acting on behalf of any Stabilising Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager(s) (or persons acting on behalf of a Stabilising Manager(s)) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over allotment must be conducted by the relevant Stabilising Manager(s) (or persons acting on behalf of any Stabilising Manager(s)) in accordance with all applicable laws and rules.

Documents Incorporated by Reference

This Prospectus should be read and construed in conjunction with the following:

- (i) the audited non-consolidated annual financial statements of the Issuer for the financial years ended 30th September 2012 and 30th September 2013, respectively, together in each case with the audit report thereon;
- (ii) the audited consolidated annual financial statements of the Guarantor for the financial years ended 30th September 2012 and 30th September 2013, respectively, together in each case with the audit report thereon;
- (iii) the audited non-consolidated annual financial statements of Imperial Tobacco Limited for the financial years ended 30th September 2012 and 30th September 2013, respectively, together in each case with the audit report thereon;
- (iv) the terms and conditions contained in the prospectus dated 15th December 2011 on pages 25 to 47 inclusive;
- (v) the terms and conditions contained in the prospectus dated 16th December 2010 on pages 25 to 47 inclusive;
- (vi) the terms and conditions contained in the prospectus dated 17th December 2009 on pages 26 to 48 inclusive;
- (vii) the terms and conditions contained in the prospectus dated 28th July 2008 on pages 17 to 22 inclusive;
- (viii) the terms and conditions contained in the prospectus dated 13th January 2006 on pages 15 to 29 inclusive; and
- (ix) the terms and conditions contained in the prospectus dated 1st July 2003 on pages 8 to 22 inclusive,

which have in each case been previously published or are published simultaneously with this Prospectus and which have been approved by the Financial Conduct Authority or filed with it. Such documents shall be incorporated in, and form part of, this Prospectus, save that any statement contained in a document which is incorporated by reference herein shall be deemed to be modified or superseded for the purpose of this Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

Any documents themselves incorporated by reference in the documents incorporated by reference in this Prospectus shall not form part of this Prospectus.

Copies of documents incorporated by reference in this Prospectus may be obtained without charge from the registered office of the Issuer and are available on the website of the National Storage Mechanism at www.morningstar.co.uk/NSM.

Any non-incorporated parts of a document referred to herein are either deemed not relevant for an investor or are otherwise covered elsewhere in this Prospectus.

Overview of the Programme

The following overview does not purport to be complete and is taken from, and is qualified in its entirety by the remainder of this Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms.

Words and expressions defined in “Terms and Conditions of the Notes” and “Summary of Provisions Relating to the Notes While in Global Form” shall have the same meanings in this Overview.

Issuer: Imperial Tobacco Finance PLC

Guarantor: Imperial Tobacco Group PLC

In addition to the guarantee provided by Imperial Tobacco Group PLC, the Notes are irrevocably and unconditionally guaranteed by way of an amended and restated deed of guarantee dated 21st February 2014 by Imperial Tobacco Limited. Such guarantee will terminate in the circumstances set out in the deed of guarantee and is summarised in the section titled “Imperial Tobacco Limited”.

Description: Debt Issuance Programme.

Size: Up to €15,000,000,000 (or the equivalent in other currencies at the date of issue) aggregate nominal amount of Notes outstanding at any one time.

Risk Factors: There are certain factors that may affect the Issuer’s ability to fulfil its obligations under Notes issued under the Programme and/or the Guarantor’s ability to fulfil its obligations under the guarantee in respect of such Notes. These are set out under “Risk Factors” below and include (without limitation) declining demand for legitimate tobacco products, increased regulation of the tobacco industry, increases in illicit trade, increases in excise duty, changes in excise duty treatment, exposure to economic conditions in a number of Euro-zone countries, dependence on key territories and key customer relationships, significant market positions in certain territories, potential damages and costs in connection with litigation, industry competition, management of growth and recognition of growth opportunities, conducting business in developing markets and countries which are subject to international sanctions, changes in corporation taxation legislation, foreign exchange rate risk, changes in interest rates, fluctuations in tobacco leaf prices and inflation, leverage and financing of the business, exposure to external counterparties, contamination of the Group’s products and labour relations and retaining key management and employees. In addition, there are certain factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme. These are also set out under “Risk Factors”, together with certain risks relating to the structure of a particular issue of Notes and risks relating to Notes generally.

Arranger: Barclays Bank PLC

Dealers: Banco Bilbao Vizcaya Argentaria, S.A.
Banco Santander, S.A.
Barclays Bank PLC
BNP Paribas
Citigroup Global Markets Limited

Commerzbank Aktiengesellschaft
Crédit Agricole Corporate and Investment Bank
Merrill Lynch International
Morgan Stanley & Co. International plc
Société Générale
The Royal Bank of Scotland plc
UniCredit Bank AG

The Issuer may from time to time terminate the appointment of any Dealer under the Programme or appoint additional dealers either in respect of one or more Tranches or in respect of the whole Programme. References in this Prospectus to “Permanent Dealers” are to the persons listed above as Dealers and to such additional persons that are appointed as dealers in respect of the whole Programme (and whose appointment has not been terminated) and references to “Dealers” are to all Permanent Dealers and all persons appointed as a dealer in respect of one or more Tranches.

Trustee: BNY Mellon Corporate Trustee Services Limited

Issuing and Paying Agent: The Bank of New York Mellon

Method of Issue: The Notes will be issued on a syndicated or non-syndicated basis.

The Notes will be issued in series (each a “Series”) having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a “Tranche”) on the same or different issue dates. The specific terms of each Tranche (which will be completed, where necessary, with the relevant terms and conditions and, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be completed in the relevant final terms document (the “Final Terms”).

Issue Price: Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

Form of Notes: The Notes may be issued in bearer form only (“Bearer Notes”), in bearer form exchangeable for Registered Notes (“Exchangeable Bearer Notes”) or in registered form only (“Registered Notes”). Each Tranche of Bearer Notes and Exchangeable Bearer Notes will be represented on issue by a temporary Global Note if (i) definitive Notes are to be made available to Noteholders following the expiry of 40 days after their issue date or (ii) such Notes have an initial maturity of more than 1 year and are being issued in compliance with the D Rules (as defined in “Overview of the Programme – United States Selling Restrictions”), otherwise such Tranche will be represented by a permanent Global Note. Registered Notes will be represented by Certificates, one Certificate being issued in respect of each Noteholder’s entire holding of Registered Notes of one Series. Certificates representing Registered Notes that are registered in the name of a nominee for one or more clearing systems are referred to as “Global Certificates”.

Clearing Systems:	Euroclear, Clearstream, Luxembourg and, in relation to any Tranche, such other clearing system as may be agreed between the Issuer, the Guarantor, the Issuing and Paying Agent, the Trustee and the relevant Dealer(s).
Initial Delivery of Notes:	On or before the issue date for each Tranche, if the relevant Global Note is a NGN, or the relevant Global Certificate is held under the NSS, the Global Note or the Global Certificate, as applicable, will be delivered to a Common Safekeeper for Euroclear and Clearstream, Luxembourg. On or before the issue date for each Tranche, if the relevant Global Note is a CGN or the relevant Global Certificate is not held under the NSS, the Global Note representing Bearer Notes or Exchangeable Bearer Notes or the Global Certificate representing Registered Notes may be deposited with a Common Depository for Euroclear and Clearstream, Luxembourg. Global Notes or Certificates may also be deposited with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Issuing and Paying Agent, the Trustee and the relevant Dealer(s). Registered Notes that are to be credited to one or more clearing systems on issue will be registered in the name of nominees or a common nominee for such clearing systems.
Currencies:	Subject to compliance with all relevant laws, regulations and directives, Notes may be issued in any currency as may be agreed between the Issuer, the Guarantor and the relevant Dealer(s) and as set out in the relevant Final Terms.
Maturities:	Subject to compliance with all relevant laws, regulations and directives, Notes may be issued with any maturity as may be agreed between the Issuer, the Guarantor and the relevant Dealer(s) and as set out in the relevant Final Terms.
Specified Denomination:	The minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).
Fixed Rate Notes:	Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.
Floating Rate Notes:	<p>Floating Rate Notes will bear interest determined separately for each Series as follows:</p> <ul style="list-style-type: none"> (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc.; or (ii) by reference to LIBOR or EURIBOR as adjusted for any applicable margin. <p>Interest periods will be specified in the relevant Final Terms.</p> <p>The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each Series of Floating Rate Notes.</p> <p>Floating Rate Notes may also have a maximum interest rate, a minimum interest rate or both.</p>

Zero Coupon Notes:	Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.
Interest Periods and Interest Rates:	The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.
Redemption:	The relevant Final Terms will specify the basis for calculating the redemption amounts payable. Unless permitted by the then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than 1 year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of Section 19 of the FSMA must have a minimum redemption value of £100,000 (or its equivalent in other currencies).
Optional Redemption:	The Final Terms issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Holders (as defined below), and if so the terms applicable to such redemption. See “Terms and Conditions of the Notes – Redemption, Purchase and Options”.
Make-Whole Redemption by the Issuer:	If specified in the applicable Final Terms, the Issuer will have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (or during such other period as specified in the applicable Final Terms), at the Sterling Make-Whole Redemption Amount or Non-Sterling Make-Whole Redemption Amount (as the case may be). See “Terms and Conditions of the Notes Redemption, Purchase and Option – Make-Whole Redemption by the Issuer (Issuer Make-Whole Call)” for further information.
Status of Notes:	The Notes and the guarantee in respect of them will constitute unsubordinated and unsecured obligations of the Issuer and the Guarantor, respectively, all as described in “Terms and Conditions of the Notes – Status”.
Negative Pledge:	See “Terms and Conditions of the Notes – Negative Pledge”.
Cross Default:	See “Terms and Conditions of the Notes – Events of Default”.
Step Up Ratings Change and Step Down Ratings Change:	If Step Up Ratings Change and Step Down Ratings Change (both as defined below) is specified in the applicable Final Terms, the Rate of Interest payable on the Notes will be subject to adjustment from time to time in the event of a Step Up Rating Change or a Step Down Rating Change, as the case may be. See “Terms and Conditions of the Notes – Interest and other Calculations”.
Change of Control Investor Put:	See “Terms and Conditions of the Notes – Redemption, Purchase and Options”.
Early Redemption:	Except as provided in “Optional Redemption” and “Make-Whole Redemption by the Issuer” above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See

“Terms and Conditions of the Notes – Redemption, Purchase and Options”.

Withholding Tax:

All payments of principal and interest by or on behalf of the Issuer or the Guarantor in respect of the Notes and the Coupons will be made free and clear of withholding taxes of the United Kingdom, unless the withholding is required by law. In such event, the Issuer or the Guarantor shall, subject to customary exceptions, pay such additional amounts as shall result in receipt by the holder of the Notes or Coupons of such amounts as would have been received by it had no such withholding been required, all as described in “Terms and Conditions of the Notes – Taxation”.

Governing Law:

The Notes and any non-contractual obligations arising out of or in connection with them will be governed by, and shall be construed in accordance with, English law.

Listing:

Application has been made for Notes issued under the Programme to be listed on the London Stock Exchange.

Ratings:

The Programme has been rated Baa3 by Moody’s Investors Service Ltd and BBB by Standard & Poor’s Credit Market Services Europe Limited. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such solicited rating will be disclosed in the Final Terms and will not necessarily be the same as the solicited ratings assigned to the Programme. A security rating is not a recommendation to buy, sell or hold Notes and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Selling Restrictions:

There are restrictions on the offer, sale and transfer of the Notes in the United States, the European Economic Area, the United Kingdom and Japan. See “Subscription and Sale”.

United States Selling Restrictions:

The Issuer and the Guarantor are Category 2 for the purposes of Regulation S under the Securities Act.

The Notes will be issued in compliance with U.S. Treas. Reg. §1. 163-5(c)(2)(i)(D) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “D Rules”) unless (i) the relevant Final Terms states that Notes are issued in compliance with U.S. Treas. Reg. §1. 163-5(c)(2)(i)(C) (or any successor U.S. Treasury regulation section including, without limitation, regulations issued in accordance with U.S. Internal Revenue Service Notice 2012-20 or otherwise in connection with the U.S. Hiring Incentives to Restore Employment Act of 2010) (the “C Rules”) or (ii) the Notes are issued other than in compliance with the D Rules or the C Rules, but in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“TEFRA”), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

Risk Factors

The Issuer, the Guarantor and ITL believe that the following factors may affect their ability to fulfil their obligations under Notes issued under the Programme or the guarantee in respect thereof as relevant.

There is a wide range of factors which individually or together could result in the Issuer, the Guarantor and ITL becoming unable to make all payments due in respect of the Notes and the guarantee. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer, the Guarantor and ITL may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's, the Guarantor's and ITL's control. However, the Issuer, the Guarantor and ITL have identified in this Prospectus a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes and the guarantee, and they consider that the risks identified below include all the principal risks of an investment in the Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below. Prospective investors should also read the detailed information set out elsewhere in this Prospectus (including any documents deemed to be incorporated by reference herein) and reach their own views prior to making any investment decision.

The Issuer, the Guarantor and ITL are subject to the same general risks as many other businesses, for example, changes in general economic conditions, including currency and interest rate fluctuations, changes in taxation legislation, cyber-security breaches, failure of IT infrastructure, the cost of raw materials, the impact of competition, customer credit risk, political instability in some of the countries in which the Group operates and sources its raw materials and the impact of natural disasters.

FACTORS THAT MAY AFFECT THE ISSUER'S, THE GUARANTOR'S OR ITL'S ABILITY TO FULFIL THEIR RESPECTIVE OBLIGATIONS UNDER NOTES ISSUED UNDER THE PROGRAMME AND THE GUARANTEE

Set out below is a non-exhaustive list of risk factors of which investors in the Notes should be aware. Not all of these factors are within the Group's control. There may be other risks and uncertainties which are unknown to the Issuer, the Guarantor or ITL or which may not be material now, but could be material in the future.

The Group may be adversely affected by declining demand for legitimate tobacco products

Since the 1990s there has been a general decline in the demand for legitimate tobacco products in developed countries in which the Group operates. This decline in developed countries such as the United Kingdom, Germany and Spain, where the Group has significant operations, may be attributed to a variety of factors including increasing government regulation, frequent and substantial increases in the excise duty on legitimate tobacco products or a substantial increase in cost attributable to a change in the manner of excise duty collection, increases in the trade of illicit tobacco products and growth of the e-vapour market.

Any future substantial decline in the demand for legitimate tobacco products could have an adverse effect on the Group's revenue, profits and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profits and financial condition.

Increased regulation of the tobacco industry may have an adverse effect on the demand for tobacco products or may increase compliance costs

The advertising, sale and consumption of tobacco products have been subject to regulatory influence from governments, health officials and anti-smoking groups, principally due to their conclusion that cigarette smoking and tobacco products are harmful to health. This has resulted in substantial restrictions on the manufacture, development, testing, content, sale, distribution, packaging, labelling, data reporting, display, marketing, advertising, product design and consumption of tobacco products, including limitations on where tobacco products can be used or smoked. These restrictions have been introduced by both regulation and

voluntary agreements. In addition, anti-smoking groups continue to advocate the exclusion of the industry from consultation processes and seek to diminish the social acceptability of smoking. Anti-smoking groups are pursuing this agenda through petitioning individual governments, the European Union and the World Health Organisation.

Regulatory initiatives affecting the tobacco industry that have been proposed, introduced or enacted include: the levying of substantial and increasing excise duty; restrictions or bans on advertising, marketing and sponsorship; the display of larger health warnings, graphic health warnings and other labelling requirements on tobacco product packaging and restrictions on packaging design, including the use of colours and plain packaging; restrictions on pack content, including minimum quantity per pack; restrictions or bans on the display of tobacco product packaging at the point of sale and restrictions or bans on cigarette vending machines; restrictions on the types of retail outlet that are permitted to sell tobacco products; requirements regarding testing, verification and limits for tar, nicotine, carbon monoxide and other smoke constituent levels; requirements regarding reporting, evaluation and possible bans of certain tobacco product ingredients; requirements that products meet safety standards for ignition propensity; increased restrictions on smoking in public and work places and, in some instances, in private places and outdoors; implementation of measures restricting descriptive terms which might be argued to create an impression that one brand of cigarettes is less harmful than another; and requirements for the 'track and trace' of tobacco products to retail level. The impact of regulation on the business of the Group is discussed in further detail on pages 75 to 80. The Group along with all other tobacco manufacturers is sometimes excluded from consultation with regulators on these regulatory proposals. Any future increases in the regulation of the tobacco industry could result in a substantial decline in the demand for tobacco products or in an increase in the Group's costs in complying with these regulatory requirements and could have an adverse effect on the Group's revenue, profits and financial condition and could contribute to an increase in the illicit trade in tobacco products. Please see the section below, "*The Group may be adversely affected by increases in illicit trade.*"

The Group may be adversely affected by increases in illicit trade

Illegal cross-border trade, in the form of counterfeit products, smuggled genuine products and locally manufactured products on which applicable taxes are evaded, is a significant and growing threat to the legitimate tobacco industry. It could have an adverse effect on the Group's revenue, profits and financial condition, in addition to damaging the Group's brand equity and undermining supply chain distribution investments, with potential damage to the Group's reputation. This, in turn, could have an adverse effect on the Guarantor's and ITL's revenue, profits and financial condition.

A number of factors could result in a significant decline in the demand for legally purchased tobacco products, including substantial increases in excise duties or a substantial increase in cost attributable to a change in the manner of excise duty collection. Any factor that increases the costs to consumers of tobacco products could encourage more consumers to switch to illegal cheaper tobacco products and provide greater rewards for counterfeiters, smugglers and organised crime. In addition, additional regulatory initiatives, such as plain packaging, may contribute to an increase in illicit trade of tobacco products.

Illicit trade creates a market that is uncontrolled. As a result, children can more easily obtain tobacco products, governments are deprived of tax revenues and livelihoods of independent tobacco retailers are threatened. Within such an environment, there is also a risk that criminal and civil sanctions, negative publicity and allegations of complicity in illegal cross-border trading and money-laundering activities may be made against tobacco companies or their directors, executive officers, employees, agents and distributors. Although the Group has implemented procedures and established internal controls to detect and control illegal trading of its tobacco products, these procedures and controls can provide only reasonable and not absolute assurance of detecting non-compliance by managing, rather than eliminating, risk. There is a risk that these procedures and controls may not adequately protect the Group against increases in illicit trade and the above-mentioned risks, which could have a material adverse effect on the Group's reputation, business, results of operation and financial condition and which, in turn, could have an adverse effect on the Guarantor's and ITL's revenue, profits and financial condition.

Increased excise duty on tobacco products may have an adverse effect on the demand for tobacco products

Tobacco products are subject to excise duty which, in many of the markets in which the Group operates, represents a substantial percentage of the retail price, and has been steadily increasing in recent years. Increasing levels of excise duty, particularly substantial one-off increases, have encouraged consumers in affected markets to switch from higher price cigarettes to lower price cigarettes and fine cut tobacco or to purchase cigarettes or fine cut tobacco from the illicit market and could have an adverse effect on the Group's revenue, profits and financial condition which, in turn, could have an adverse effect on the Guarantor's and ITL's revenue, profits and financial condition.

The Group may be adversely affected by changes to the excise duty status of tobacco products

Imperial Tobacco is one of the world's leading manufacturers of tobacco products by volume and, as such, any unfavourable excise duty treatment of tobacco products, including fine cut tobacco, if widely adopted, could impact the Group's sales volumes and, therefore, could have an adverse effect on the Group's revenue, profits and financial condition which, in turn, could have an adverse effect on the Guarantor's and ITL's revenue, profits and financial condition.

The Group is exposed to economic conditions in a number of Euro-zone countries

The Group has significant exposure to economic conditions in a number of Euro-zone countries. Ongoing uncertainty regarding the future of the euro, or the exit of one or more countries may impact consumer spending patterns. This could have an adverse effect on the Group's revenue, profits and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profits and financial condition.

Further, were a break-up of the Euro-zone to occur, the resulting situation may cause disruption to the Group's manufacturing, supply chain operations and cash-flow. This could have an adverse effect on the Group's business, results of operation and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profits and financial condition.

The Group is dependent on its positions in its key countries and on key customer relationships

The continued organic growth of the Group's business is underpinned by its positions in a number of key countries. For the year ended 30th September 2013, 77 per cent. of the Group's external revenue was generated in the European Union, and together the United Kingdom, Germany and Spain contributed 32 per cent. of the tobacco business' net revenue and 42 per cent. of its adjusted operating profit. Any future declines in the Group's key markets could have an adverse effect on its revenue, profit and financial condition. The proliferation of counterfeit tobacco products could contribute to any such decline.

The Group's logistics business performs services for a number of key customers under contractual arrangements which have relatively short durations and termination periods. The loss of any of these key customers could have an adverse effect on the Group's revenue, profit and financial condition which, in turn, could have an impact upon the Guarantor's and ITL's revenue, profit and financial condition.

The Group may be subject to investigation for alleged abuse of its market position in certain countries

The Group has significant market positions in certain countries in which it operates, including the United Kingdom, Germany, France, Spain and Morocco. As a result, the Group may be subject to investigation for alleged abuse of its market position in these countries, which could result in adverse regulatory action by the relevant authorities, including the potential for monetary fines and negative publicity. There can be no assurances that, in the future, any investigation to which the Group is subject will not result in actions being brought against members of the Group or that any such investigations or publicity will not have an adverse effect on the Group's revenue, profit or financial condition which, in turn, could have an adverse effect upon the Guarantor's and ITL's revenues, profit or financial condition.

The Group could incur substantial damages and costs in connection with litigation

Tobacco manufacturers, including Imperial Tobacco, have been sued by parties seeking damages for alleged smoking and health-related effects. Although, to date, no final adverse judgment has been entered and, to the knowledge of management, no action has been settled in favour of a claimant in any such action in the United Kingdom, Germany, France or Spain (the Group's most important European countries of operation), there can be no assurance that favourable decisions will not be achieved in the proceedings pending against the Group, that additional proceedings by private, corporate or public sector claimants will not be commenced against the Group, or that the Group will not incur damages which may be material. Regardless of the outcome of any litigation, the Group will incur costs defending claims which it will not be able to recover fully, irrespective of whether Imperial Tobacco is successful in defending such claims. An unfavourable outcome or settlement of any pending or future smoking and health-related litigation may have a material adverse effect upon the Group's revenue, profit or financial condition. There can also be no assurance that legal aid or other funding will continue to be denied to claimants in smoking and health-related litigation in any jurisdiction in the future. If future claimants are able to obtain legal aid or funding to finance their litigation against the Group, this may lessen the Group's likelihood of prevailing on such claims which may have a material adverse effect on the Group's reputation, revenue, profit or financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit or financial condition.

To the extent that the Group's determinations at any time do not reflect subsequent developments or the eventual outcome of any claim, its future financial statements may be materially affected, with an adverse impact on the Group's financial condition and results of operations and, as a result, on the Guarantor's and ITL's financial condition and results of operations.

Other than as noted below, before 2008, the Group had not sold cigarettes in the United States, the jurisdiction with the greatest prevalence of smoking and health-related litigation. However, three subsidiaries, Reemtsma, Société Nationale d'Exploitation Industrielle des Tabacs et Allumettes S.A. ("SEITA") and Altadis S.A. ("Altadis"), sold relatively small quantities of cigarettes and/or fine cut tobacco in the United States domestic market up to 1999, up to 2005 and up to 2004 respectively. The Group continues to have limited sales in the U.S. duty free market. In addition, Commonwealth Brands, Inc. ("Commonwealth Brands") and Lignum-2 Inc. ("Lignum") are two U.S. companies acquired by Imperial Tobacco that manufacture and sell tobacco products in the United States. Through the acquisition of Altadis and its subsidiaries (the "Altadis Group"), Imperial Tobacco acquired a company which manufactures and sells cigars in the United States. Consequently, the Group may be subject to litigation in the United States in the future. In particular, claims, including class actions, could be made against the Group in the United States in respect of, among other things, claims for personal injury or death, costs of providing healthcare and costs of court-supervised health monitoring programmes. The damages sought in any such claims could be significant. In November 2007, Imperial Tobacco received confirmation that the application of Imperial Tobacco and of several affiliated companies to become subsequent participating manufacturers ("SPMs") to the Master Settlement Agreement, which all major U.S. industry participants have entered into with, among others, the Attorneys General of 46 U.S. states, to settle healthcare reimbursement claims and other issues, had been approved. Commonwealth Brands became an SPM in 1998, with SEITA and Lignum becoming SPMs in 1999. An application from Altadis to join the Master Settlement Agreement is currently pending. However, there can be no assurances that any future litigation against the Group in the United States, if successful, would not have an adverse effect on the Group's revenue, profit or financial condition and, as a result, on the Guarantor's and ITL's revenue, profit or financial condition.

In addition, even if the Group is not party to litigation, any adverse judgment against a tobacco manufacturer or in relation to the tobacco market could have an impact on market conditions which could adversely affect the Group's revenue, profit or financial condition and, as a result, adversely affect the Guarantor's and ITL's revenue, profit or financial condition. Further information is set out on pages 69 to 75.

In addition to smoking and health-related litigation, the Group is subject to regulatory investigations, claims, lawsuits and other proceedings in the ordinary course of its business and operations. The results of these legal proceedings cannot be predicted with certainty, and there can be no assurance that these matters will not have a material adverse effect on the Group's results of operations in any future period, and a substantial judgment

could have a material adverse impact on the Group's business, revenue, profit or financial condition which, in turn, could impact the Guarantor's and ITL's revenue, profit or financial condition. Further information is set out on pages 69 to 80 below.

The Group operates in highly competitive markets

The Group's principal competitors are Philip Morris International Inc., British American Tobacco plc and Japan Tobacco Inc. These companies generally have greater financial resources than Imperial Tobacco and remain strong competitors in the markets in which the Group operates. Significant increases in the competitive activity of these companies or other local manufacturers could lead to further competition and pricing pressure on Imperial Tobacco brands and reduce the Group's profit margins and cash-flows. The Group's ability to compete with these companies may be limited by the regulatory environment in which it operates, including advertising restrictions, and this may adversely impact the Group's efforts to strengthen its brand portfolio. Actions from the Group's competitors may also have an unfavourable impact on the Group's ability to meet its strategy of growing the Group organically and through acquisitions which, in turn, could impact the Guarantor's and ITL's strategy.

The Group may be unable to identify further acquisition opportunities

Historically, the Group has engaged in acquisitions that have been complementary to the organic growth of the Group. The continuation of this expansion strategy is dependent on, among other things, identifying suitable acquisition or investment opportunities and successfully completing those transactions. Where Imperial Tobacco has identified acquisition opportunities, it has historically faced competition for these acquisitions. In the future, this could raise the price of acquisitions and make them less attractive. In addition, if the Group is unable to secure the necessary financing, it may not be able to grow its business through acquisitions.

Even if management is able to identify potential acquisition targets, it may be difficult to complete such transactions, given anti-trust or similar laws. In the future, this could limit the Group's ability to grow by this route. Among other things, acquisitions require the attention of management and the diversion of other resources away from organic growth. The Group's ability to integrate and manage acquired businesses effectively and handle any future growth will depend upon a number of factors and failure to manage growth effectively could adversely affect the Group's revenue, profit and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit and financial condition.

The Group may fail to manage growth

The Group's strategy includes expansion of its business internationally, both through organic growth and by tobacco and tobacco-related acquisitions. Among other things, acquisitions require the attention of management and the diversion of other resources away from organic growth. The Group's ability to integrate and manage acquired businesses effectively and to handle any future growth will depend upon a number of factors including the size of the acquired businesses, the nature and geographical locations of their operations, and the resulting complexity of integrating its operations into the Group, and failure to manage growth effectively could adversely affect the Group's revenue, profit and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit and financial condition.

Typically, when the Group acquires a business, it acquires all of that business' liabilities as well as its assets. Although Imperial Tobacco tries to investigate each business thoroughly prior to an acquisition and obtains appropriate representations and warranties as to its assets and liabilities, there can be no assurance that Imperial Tobacco will be able to identify all actual or potential liabilities of a business prior to its acquisition. If the Group acquires businesses or assets which result in the Group assuming unforeseen liabilities in respect of which it has not obtained contractual protections or for which protection is not available, this could adversely affect the Group's revenue, profit and financial condition which, in turn, could adversely affect the Guarantor's and ITL's revenue, profit and financial condition.

The Group may be adversely affected by the increased risks and uncertainties of doing business in developing markets

The Group's expansion into developing markets may present more challenging operating environments where margins in general may be lower and in which commercial practices may be less developed and of a lower standard than those in which the Group has historically operated.

The results and prospects for the Group's operations in these countries will be dependent, in part, on the political stability, economic activity, policies and judicial systems of those countries. Some of the countries in which the Group operates face the risk of civil unrest, regime changes, nationalisation, terrorism, conflict and threat of war, as well as fraud and corruption both externally and internally. Economic, political, legal, regulatory or other developments or uncertainties in developing markets could disrupt the Group's supply chain, its distribution capabilities or its cash-flows. These developments could also lead to loss of property or equipment that are critical to the Group's business in certain markets which could adversely affect the Group's revenue, profit and financial condition which, in turn, could impact the Guarantor's and ITL's revenue, profit and financial condition.

As a result of its activities in developing markets, the Group currently is and may in the future be a party to litigation in these markets. The outcome of legal proceedings in these jurisdictions may be particularly uncertain, as legal, administrative and judicial systems or judiciaries in some developing markets can be unpredictable.

The Group conducts business in countries subject to international sanctions

Some of the countries in which the Group does business or with whom it has commercial dealings, such as Syria and Cuba, have been identified by the U.S. State Department as state sponsors of terrorism.

Historically, the Group's activities in these jurisdictions have been limited principally to selling tobacco products and to purchasing tobacco leaf and have not been material to the Group's revenue, profits or financial condition. However, the Group's business in Cuba, from which it had previously only sourced tobacco leaf prior to January 2008, grew as a result of the Altadis Group's 50 per cent. ownership interest in each of the Cuban Joint Ventures, which manufacture, market, distribute and sell cigars manufactured in Cuba.

Imperial Tobacco seeks to comply fully with international sanctions to the extent they are applicable to the Group. However, in doing so, it may be restricted in supplying products sourced from certain countries to relevant jurisdictions, by the nationality of the personnel that it involves in these activities or in its sources of funding. In particular, the cigar operations of the Cuban Joint Ventures could be materially limited by the operation of the United States Cuban Assets Control Regulations and by the United States Cuban Liberty and Democratic Solidarity (Libertad) Act 1996 (commonly known as the Helms-Burton Act). New sanctions or changes in existing sanctions could further restrict or entirely prevent the Group from doing business in, or from having commercial dealings with, certain jurisdictions, including Cuba, which could have an adverse effect on the Group's revenue, profit and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit and financial condition.

Furthermore, the Group may suffer from adverse public reaction or from reputational harm as a result of doing business in, or having commercial dealings through third parties with, countries that have been identified as state sponsors of terrorism by the U.S. State Department, including Syria and Cuba, or that are subject to international sanctions, notwithstanding that the Group's activities comply with applicable international sanctions and regardless of the materiality of the Group's operations in such countries to its operations or financial condition. Any such reaction could have an adverse effect on the Group's revenue, profit and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit and financial condition.

The Group's activities in the countries subject to international sanctions could also restrict the sources of funding available to the Group. International sanctions may also limit the Group's ability to use existing funds to finance its operations in certain countries, which could have an adverse effect on the Group's

business, revenue, profit and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit and financial condition.

The Group may be adversely affected by changes in corporation taxation legislation

The Group's adjusted effective tax rate of 22 per cent. for the 2013 financial year is based on current legislation in the countries in which it operates. Taxation legislation may be subject to future changes, which could have an adverse effect on the Group's profit and financial condition which, in turn, could have an adverse effect on the Issuer's financial condition and the Group's and ITL's profit and financial condition.

The Group is exposed to foreign exchange rate risk

The Group is exposed to movements in foreign exchange rates due to its foreign subsidiaries, its commercial trading transactions denominated in foreign currencies and foreign currency cash deposits, borrowings and derivatives. For significant acquisitions of overseas companies, borrowings are raised in the appropriate currency (or are swapped via derivatives into the appropriate currency) to minimise the balance sheet translation risk.

In financial year 2013, 82 per cent. of the Group's revenue (financial year 2012: 81 per cent.) and 80 per cent. of the Group's adjusted operating profit (financial year 2012: 80 per cent.) were generated in markets outside the United Kingdom. Certain sales in these markets are invoiced in currencies other than the functional currency of the selling company.

The Group's material foreign currency denominated costs include the purchase of tobacco leaf, which is sourced from various countries, but purchased principally in U.S. dollars, and packaging materials, which are sourced from various countries and purchased in a number of currencies.

The Group has investments in foreign entities which operate in countries whose currency is different from the pound sterling (mainly in the European Union, as well as in Morocco, Russia, Cuba, Australia and the United States). Consequently, the Group is exposed to the translation of the results of overseas subsidiaries into pounds sterling, as well as to the impact of trading transactions in foreign currencies. Significant fluctuations in foreign exchange rates could have an adverse effect on the Group's revenue, profit and financial condition which, in turn, could have an adverse effect on the Issuer's financial condition and the Guarantor's and ITL's profit, revenue and financial condition.

The Group is exposed to interest rate fluctuations

The Group is also exposed to fluctuations in interest rates on its borrowings and surplus cash. The most material risk is in respect of borrowings. Although approximately 51 per cent. of the Group's reported net debt (after adjusting for the effect of interest rate derivatives) outstanding as of 30th September 2013 is currently at fixed levels of interest, the Group is still exposed to movements in interest rates which could result in higher cash outflows, reducing the capital available to the Group. As at 30th September 2013, the Group had reported net debt of £9,518 million. Of this, approximately 16 per cent. of the Group's net debt was denominated in pounds sterling, 70 per cent. in euro and 14 per cent. in U.S. dollars. Accordingly, the Group's financial results are currently mainly exposed to gains or losses arising from fluctuations in interest rates relating to pounds sterling, euro and U.S. dollars. Significant fluctuations in interest rates could have an adverse effect on the Group's profit and financial condition which, in turn, could have an adverse effect on the Issuer's financial condition and the Guarantor's and ITL's profit and financial condition.

The Group is exposed to tobacco leaf price fluctuations and inflation

Imperial Tobacco has limited involvement in the cultivation of tobacco leaf and its results are, therefore, exposed to fluctuations in the price of tobacco leaf. As with other agricultural commodities, the price of tobacco leaf tends to be cyclical, as supply and demand considerations (including production costs and demand for other agricultural commodities such as foods or bio-energy crops) influence tobacco plantings in those countries where tobacco is grown. Different regions may experience variations in weather patterns that may affect crop quality or supply and so lead to changes in price. In addition, political situations may

result in a significantly reduced tobacco crop in any affected country. This may also lead to increases in price that the Group may be unable to pass on to customers. Fluctuations and/or inflation in the price of tobacco leaf could have an adverse effect on the Group's profit and financial condition which, in turn, could have an adverse effect on the Guarantor's and ITL's profit, revenue and financial condition.

The Group has significant borrowings, which may impair operational and financial performance

The Group has a significant amount of indebtedness and debt service obligations, which may impair both its operating and financial flexibility and could adversely affect its business and financial position. Limited ability to borrow additional funds may reduce the Group's flexibility in reacting to competitive or industry pressures or opportunities.

As at 30th September 2013, the Group had reported net debt of £9,518 million (as at 30 September 2012: £8,965 million). The Group's substantial indebtedness could potentially cause Imperial Tobacco to dedicate a significant portion of cash flow from operations to payments to service debt, depending on the level of borrowings, prevailing interest rates and exchange rate fluctuations, which would reduce the funds available to the Group for working capital, capital expenditure, acquisitions and other general corporate purposes. Total interest costs on bank and other loans for financial year 2013 were £540 million (financial year 2012: £550 million). The Group's indebtedness could also limit its ability to borrow additional funds for working capital, capital expenditure, acquisitions and other general corporate purposes; limit flexibility in planning for, or reacting to, changes in technology, customer demand, competitive pressures and the industry in which the Group operates; place Imperial Tobacco at a competitive disadvantage compared to its competitors that are less leveraged than the Group; and increase the Group's vulnerability to both general and industry-specific adverse economic conditions.

The Group's debt facilities contain a number of financial, operating and other obligations that may limit its operating and financial flexibility. The Group's ability to comply with these obligations will depend on the future performance of the business.

The Group may find it difficult to obtain new financing or new financing may be at higher costs and a downgrade in any of the Group's credit ratings could increase this risk

The Group currently uses funds made available through various sources of financing, primarily issuances of capital markets debt, bank loan financing and euro commercial paper ("ECP"). Access to financing in the future will depend on, among other things, suitable market conditions and the maintenance of suitable long-term and short-term credit ratings. The Group's credit ratings may be adversely affected by various factors, including increased debt levels, decreased earnings, decreased customer demand, increased regulation, deterioration in general economic conditions, deterioration in business conditions and adverse publicity. If conditions in credit markets are unfavourable and/or the Group's credit ratings are downgraded, the marketability and trading value of Notes may be materially diminished, and the Group may not be able to obtain new sources of financing and/or such new sources of financing, together with the Group's existing financing sources, may be at higher costs which, in turn, could have a material adverse effect on the Guarantor's, ITL's and the Group's revenue, profits and financial condition. Furthermore, the Group may be unable to refinance its debt, when it matures, in the debt capital markets, bank loan markets or ECP market. In addition, the cost of refinancing the debt, prior to maturity or when it matures, may be materially higher than the current cost. These events could adversely impact the Issuer's borrowing costs which, in turn, could have an adverse effect on the Guarantor's, ITL's and the Group's profit and financial condition.

The Group has exposure to external counterparties

The Group has bank loan financing made available from and, from time to time, places cash deposits with and has entered into derivative financial transactions with, a diversified group of financial institutions. Access to funds may be reduced due to the Group's counterparties being unable to honour their commitments. The Group's exposure to these external counterparties could have an adverse effect on its profit and financial condition which, in turn, could have an impact upon the Issuer's financial condition and the Guarantor's and ITL's profit and financial condition.

The Group's labour relations or labour unrest may affect operational and financial performance

The Group's management believes that all of the Group's operations have, in general, good relations with their employees, employee representatives and unions. However, there can be no assurance that the Group's business or operations will not be affected by labour related problems in the future. In addition, there can be no assurance that any deterioration in labour relations, or any disputes or work stoppages or other labour related developments (including problems experienced during any consultation procedures or programmes or the introduction of new labour regulations in countries where the Group operates), will not adversely affect the Group's revenue, profit and financial condition which, in turn, could adversely affect the Guarantor's and ITL's revenue, profits and financial condition.

The Group's products could be affected by contamination

The Group's products may become contaminated, for example, as a result of an accident during the manufacturing process or deliberately with malicious intent. In these instances, significant costs may be incurred in recalling products from the market. In addition, consumers may lose confidence in the specific brand(s) affected by the contamination, resulting in a loss of sales volume which may take a long time to recover or may not recover fully. During this time, the Group's competitors may substantially increase their market share which would subsequently be difficult and costly to regain. Contamination of the Group's products could have an impact on the Group's revenue, profits and financial condition which, in turn, could have an impact on the Guarantor's and ITL's revenue, profit and financial condition.

The Group could fail to attract or retain senior management or other key employees

The loss of the services of certain key employees, particularly to competitors or other consumer product companies, could have a material adverse effect on the Group's revenue, profit and financial condition which, in turn, could have a material adverse effect on the Issuer's, the Guarantor's and ITL's revenue, profit and financial condition. In addition, management believes that as the Group's business develops and expands, the Group's future success will depend on its ability to attract and retain highly skilled and qualified personnel, which cannot be guaranteed.

The failure to attract or retain key personnel could significantly impede the Group's financial plans, growth, marketing and other objectives which, in turn, could impact the Issuer's, the Guarantor's and ITL's financial plans, growth, marketing and other objectives. Imperial Tobacco's success depends to a substantial extent on the ability and experience of its senior management.

FACTORS WHICH ARE MATERIAL FOR THE PURPOSE OF ASSESSING THE MARKET RISKS ASSOCIATED WITH NOTES ISSUED UNDER THE PROGRAMME

Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

If the Issuer has the right to redeem Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return

An optional redemption feature is likely to limit the market value of Notes. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer has the right to convert the interest rate on any Notes from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that converts from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Where the Issuer has the right to effect such a conversion, this will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing market rates.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

Risks related to Notes generally

Set out below is a brief description of certain risks relating to the Notes generally:

The Terms and Conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without consent of the Noteholders and without regard to the individual interests of particular Noteholders

The Terms and Conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Terms and Conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 11 of the Terms and Conditions of the Notes.

Investors who purchase Notes in denominations that are not an integral multiple of the Specified Denomination may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case, should definitive Notes be printed, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding and would need to purchase a principal amount of Notes such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

European Monetary Union

If the United Kingdom joins the European Monetary Union prior to the maturity of the Notes, there is no assurance that this would not adversely affect investors in the Notes. It is possible that prior to the maturity of the Notes the United Kingdom may become a participating Member State and that the euro may become the lawful currency of the United Kingdom. In that event (i) all amounts payable in respect of any Notes denominated in Sterling may become payable in euro (ii) the law may allow or require such Notes to be redenominated into euro and additional measures to be taken in respect of such Notes; and (iii) there may no longer be available published or displayed rates for deposits in Sterling used to determine the rates of interest on such Notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro could also be accompanied by a volatile interest rate environment, which could adversely affect investors in the Notes.

The Notes may be subject to withholding taxes in circumstances where the Issuer is not obliged to make gross up payments and this would result in holders receiving less interest than expected and could significantly adversely affect their return on the Notes

Withholding under the European Union Savings Directive

Under EC Council Directive 2003/48/EC (referred to in the following paragraphs as the “Directive”) on the taxation of savings income, Member States of the European Union are required to provide to the tax authorities of another Member State of the European Union details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State of the European Union or to certain limited types of entities established in that other Member State of the European Union. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld) in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Directive.

The European Commission has proposed certain amendments to the Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State of the European Union which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent (as defined in the Terms and Conditions of the Notes) nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to the Directive or any law implementing or complying with, or introduced to conform to, such Directive.

Foreign Account Tax Compliance Act

The U.S. “Foreign Account Tax Compliance Act” (or “FATCA”) imposes a new reporting regime and, potentially, a 30 per cent. withholding tax with respect to (i) certain payments from sources within the United States, (ii) “foreign passthru payments” made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution. The Issuer may be classified as a financial institution for these purposes. Although the Issuer does not expect such withholding to apply to payments on the Notes, if an amount in respect of such withholding tax were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the Terms and Conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may

receive less interest or principal than expected. Prospective investors should refer to the section “*Taxation – Foreign Account Tax Compliance Act.*”

The value of the Notes could be adversely affected by a change in English law or administrative practice

The Terms and Conditions of the Notes are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Risks related to the market generally

Set out below is a brief description of certain market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

If an investor holds Notes which are not denominated in the investor’s home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit (the “Investor’s Currency”) other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor’s Currency) and the risk that authorities with jurisdiction over the Investor’s Currency may impose or modify exchange controls. An appreciation in the value of the Investor’s Currency relative to the Specified Currency would decrease (i) the Investor’s Currency-equivalent yield on the Notes, (ii) the Investor’s Currency equivalent value of the principal payable on the Notes and (iii) the Investor’s Currency equivalent market value of the Notes.

Government and monetary authorities may impose exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer, the Guarantor or ITL to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of Fixed Rate Notes.

Credit ratings assigned to the Issuer, the Guarantor or any Notes may not reflect the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign a rating to the Issuer, the Guarantor or the Notes. The rating(s) may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A rating is not a recommendation

to buy, sell or hold securities and may be revised, suspended or withdrawn at any time by the assigning rating agency.

In general, European regulated investors are restricted under Regulation (EC) No. 1060/2009 (the “CRA Regulation”) from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-European Union credit rating agencies, unless the relevant credit ratings are endorsed by a European Union-registered credit rating agency or the relevant non-European Union rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

Interests of the Dealers

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer, the Guarantor and their affiliates in the ordinary course of business.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such short positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Terms and Conditions of the Notes

The following are the terms and conditions of the Notes that, subject to completion in accordance with the provisions of Part A of the applicable Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the applicable Final Terms, or (ii) these terms and conditions as so completed (subject to simplification by deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the applicable Final Terms. Those definitions will be endorsed on the definitive Notes or Certificates, as the case may be.

The Notes are constituted by a Trust Deed (as amended, restated or supplemented as at the date of issue of the Notes (the “Issue Date”), the “Trust Deed”) dated 21st February 2014 between Imperial Tobacco Finance PLC (the “Issuer”), Imperial Tobacco Group PLC (the “Guarantor”) and BNY Mellon Corporate Trustee Services Limited (the “Trustee”, which expression shall include all persons for the time being the trustee or trustees under the Trust Deed) as trustee for the Noteholders (as defined below). These terms and conditions (the “Conditions” or the “Terms and Conditions”) include summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. An Agency Agreement (as amended or supplemented as at the Issue Date, the “Agency Agreement”) dated 21st February 2014 has been entered into in relation to the Notes between the Issuer, the Guarantor, the Trustee, The Bank of New York Mellon (as initial issuing and paying agent) and the other agents named in it. The issuing and paying agent, the other paying agents, the registrar and the transfer agents for the time being (if any) are referred to below respectively as the “Issuing and Paying Agent”, the “Paying Agents” (which expression shall include the Issuing and Paying Agent), the “Registrar” and the “Transfer Agents” (which expression shall include the Registrar). Copies of the Trust Deed and the Agency Agreement are available for inspection during usual business hours at the principal office of the Trustee (presently at 1 Canada Square, London E14 5AL) and at the specified offices of the Paying Agents and the Transfer Agents. If the Notes are to be admitted to trading on the regulated market of the London Stock Exchange, the applicable Final Terms will be published on the website of the London Stock Exchange through a regulatory information service.

The Noteholders, the holders (“Couponholders”) of the interest coupons (the “Coupons”) relating to interest bearing Notes in bearer form and, where applicable in the case of such Notes, talons for further Coupons (the “Talons”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and are deemed to have notice of those provisions applicable to them of the Agency Agreement.

References herein to the “Notes” shall be references to the Notes of this Series and shall mean, in relation to any bearer Notes represented by a global Note (a “Global Note”), as applicable (i) units of each Specified Denomination in the Specified Currency, (ii) any Global Note and (iii) any definitive Notes issued in exchange for a Global Note.

The expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive) to the extent implemented in the relevant Member State of the European Economic Area and includes any relevant implementing measure in the relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

1. Form, Denomination and Title

The Notes are issued in bearer form (“Bearer Notes”), which expression includes Notes that are specified to be Exchangeable Bearer Notes, in registered form (“Registered Notes”) or in bearer form exchangeable for Registered Notes (“Exchangeable Bearer Notes”) in each case in the Specified Denomination(s) specified in the applicable Final Terms, provided that the minimum specified denomination shall be €100,000 (or its equivalent in any other currency as at the date of issue of the Notes).

All Registered Notes shall have the same Specified Denomination. Where Exchangeable Bearer Notes are issued, the Registered Notes for which they are exchangeable shall have the same Specified Denomination as the lowest denomination of Exchangeable Bearer Notes.

This Note may be a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note, or a combination of any of the foregoing depending upon the Interest Basis specified in the applicable Final Terms.

Bearer Notes are serially numbered and are issued with Coupons (and, where appropriate, a Talon) attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

Registered Notes are represented by registered certificates (“Certificates”) and, save as provided in Condition 2, each Certificate shall represent the entire holding of Registered Notes by the same holder.

Title to the Bearer Notes, Coupons and Talons shall pass by delivery. Title to the Registered Notes shall pass by registration in the register that the Issuer shall procure to be kept by the Registrar in accordance with the provisions of the Agency Agreement (the “Register”). Except as ordered by a court of competent jurisdiction or as required by law, the holder (as defined below) of any Note, Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes whether or not it is overdue and regardless of any notice of ownership, trust or an interest in it, any writing on it (or on the Certificate representing it) or its theft or loss (or that of the related Certificate) and no person shall be liable for so treating the holder.

In these Conditions, “Noteholder” means the bearer of any Bearer Note or the person in whose name a Registered Note is registered (as the case may be), “holder” (in relation to a Note, Coupon or Talon) means the bearer of any Bearer Note, Coupon or Talon or the person in whose name a Registered Note is registered (as the case may be) and capitalised terms (not otherwise defined) have the meanings given to them in the applicable Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.

2. Exchanges of Exchangeable Bearer Notes and Transfers of Registered Notes

(a) Exchange of Exchangeable Bearer Notes

Subject as provided in Condition 2(f), Exchangeable Bearer Notes may be exchanged for the same nominal amount of Registered Notes at the request in writing of the relevant Noteholder and upon surrender of each Exchangeable Bearer Note to be exchanged, together with all unmatured Coupons and Talons relating to it, at the specified office of any Transfer Agent; provided, however, that where an Exchangeable Bearer Note is surrendered for exchange after the Record Date (as defined in Condition 7(b)) for any payment of interest, the Coupon in respect of that payment of interest need not be surrendered with it. Registered Notes may not be exchanged for Bearer Notes. Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes that are not Exchangeable Bearer Notes may not be exchanged for Registered Notes.

(b) Transfer of Registered Notes

One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not so transferred shall be issued to the transferor. All transfers of Notes and entries on the Register will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.

(c) Exercise of Options or Partial Redemption in Respect of Registered Notes

In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding of Registered Notes.

(d) Delivery of New Certificates

Each new Certificate to be issued pursuant to Conditions 2(a), 2(b) or 2(c) shall be available for delivery within three business days of receipt of the request for exchange, form of transfer or Exercise Notice (as defined in Condition 6(f)) or surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such request for exchange, form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant request for exchange, form of transfer, Exercise Notice or otherwise in writing, be mailed by ordinary uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 2(d), "business day" means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).

(e) Exchange Free of Charge

Exchange and transfer of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

(f) Closed Periods

No Noteholder may require the transfer of a Registered Note to be registered or an Exchangeable Bearer Note to be exchanged for one or more Registered Note(s) (i) during the period of 15 days ending on the due date for redemption of that Note, (ii) during the period of 15 days prior to any date on which Notes may be called for redemption by the Issuer at its option pursuant to Conditions 6(d) and 6(e), (iii) after any such Note has been called for redemption or (iv) during the period of seven days ending on (and including) any Record Date. An Exchangeable Bearer Note called for redemption by the Issuer may, however, be exchanged for one or more Registered Note(s) in respect of which the Certificate is simultaneously surrendered not later than the relevant Record Date.

3. Guarantee and Status

(a) Guarantee

The Guarantor has unconditionally and irrevocably guaranteed the due payment of all sums expressed to be payable by the Issuer under the Trust Deed, the Notes and the Coupons. The Guarantor's obligations in that respect (the "Guarantee") are contained in the Trust Deed.

(b) *Status of Notes and Guarantee*

The Notes, and the Coupons relating to them, constitute (subject to Condition 4) unsubordinated and unsecured obligations of the Issuer and shall at all times rank *pari passu* and rateably without any preference among themselves. The payment obligations of the Issuer under the Notes and the Coupons relating to them and of the Guarantor under the Guarantee shall, save for such exceptions as may be provided by applicable legislation and subject to Condition 4, at all times rank at least equally with all other unsecured and unsubordinated indebtedness and monetary obligations of the Issuer and the Guarantor respectively, present and future.

4. Negative Pledge

So long as any of the Notes or Coupons remains outstanding (as defined in the Trust Deed) each of the Issuer and the Guarantor undertakes that it will not, and, in the case of the Guarantor, that it will procure that no Subsidiary (as defined below) will, create or have outstanding any mortgage, charge, pledge, lien or other form of encumbrance or security interest (each a “Security Interest”) upon the whole or any part of its undertaking, assets or revenues (including any uncalled capital), present or future, in order to secure any Relevant Debt (as defined below) or to secure any guarantee of or indemnity in respect of any Relevant Debt unless, at the same time or prior thereto, the Issuer’s obligations under the Notes, the Coupons and the Trust Deed or, as the case may be, the Guarantor’s obligations under the Guarantee (A) are secured equally and rateably therewith to the satisfaction of the Trustee or (B) have the benefit of such other security, guarantee, indemnity or other arrangement as the Trustee in its absolute discretion shall deem to be not materially less beneficial to the Noteholders or as shall be approved by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders.

For the purposes of these Conditions:

“Relevant Debt” means any present or future indebtedness in the form of, or represented by, bonds, notes, debentures, loan stock or other securities that are for the time being, or are capable of being, quoted, listed or ordinarily dealt in on any stock exchange, automated trading system, over-the-counter or other securities market.

“Subsidiary” means any entity whose affairs are required by law or in accordance with International Financial Reporting Standards to be consolidated in the consolidated accounts of the Guarantor.

5. Interest and other Calculations

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date in each year up to (and including) the Maturity Date.

Except as provided in the relevant Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the relevant Final Terms, amount to the Broken Amount so specified.

As used in the Conditions, “Fixed Interest Period” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

Except where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upward or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation

Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(b) *Interest on Floating Rate Notes*

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from the Interest Commencement Date at the rate per annum (expressed as a percentage) equal to the Rate of Interest, such interest being payable in arrear on each Interest Payment Date. The amount of interest payable shall be determined in accordance with Condition 5(g). Such Interest Payment Date(s) is/are either specified in the applicable Final Terms as Specified Interest Payment Dates or, if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, Interest Payment Date shall mean each date which falls the number of months or other period specified in the applicable Final Terms as the Specified Period after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

(ii) *Business Day Convention*

If any date referred to in these Conditions that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the Business Day Convention specified is (A) the Floating Rate Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent such date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (B) the Following Business Day Convention, such date shall be postponed to the next day that is a Business Day, (C) the Modified Following Business Day Convention, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (D) the Preceding Business Day Convention, such date shall be brought forward to the immediately preceding Business Day.

(iii) *Rate of Interest for Floating Rate Notes*

The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the applicable Final Terms and the provisions below relating to either ISDA Determination or Screen Rate Determination shall apply, depending upon which is specified in the applicable Final Terms.

(A) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Issuing and Paying Agent as a rate equal to the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Issuing and Paying Agent as if it were acting as Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (x) the Floating Rate Option is as specified in the applicable Final Terms;
- (y) the Designated Maturity is a period specified in the applicable Final Terms; and
- (z) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purposes of this sub-paragraph (A), “Floating Rate”, “Calculation Agent”, “Floating Rate Option”, “Designated Maturity”, “Reset Date” and “Swap Transaction” have the meanings given to those terms in the ISDA Definitions.

(B) Screen Rate Determination for Floating Rate Notes

(x) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be either:

- (1) the offered quotation; or
- (2) the arithmetic mean of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question as determined by the Issuing and Paying Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Issuing and Paying Agent for the purpose of determining the arithmetic mean of such offered quotations.

(y) If the Relevant Screen Page is not available or if sub-paragraph (x)(1) above applies and no such offered quotation appears on the Relevant Screen Page or if sub-paragraph (x)(2) above applies and fewer than three such offered quotations appear on the Relevant Screen Page in each case as at the time specified above, subject as provided below, the Issuing and Paying Agent shall request, if the Reference Rate is LIBOR, the principal London office of each of the Reference Banks or, if the Reference Rate is EURIBOR, the principal Euro-zone office of each of the Reference Banks, to provide the Issuing and Paying Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time), or if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the Interest Determination Date in question. If two or more of the Reference Banks provide the Issuing and Paying Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean of such offered quotations as determined by the Issuing and Paying Agent; and

(z) If paragraph (y) above applies and the Issuing and Paying Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Issuing and Paying Agent by the Reference Banks or any two or more of them, at which such banks were offered, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time) on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, or, if fewer than two of the Reference Banks provide the Issuing and Paying Agent with such offered rates,

the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at which, if the Reference Rate is LIBOR, at approximately 11.00 a.m. (London time) or, if the Reference Rate is EURIBOR, at approximately 11.00 a.m. (Brussels time), on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Trustee and the Issuer suitable for such purpose) informs the Issuing and Paying Agent it is quoting to leading banks in, if the Reference Rate is LIBOR, the London inter-bank market or, if the Reference Rate is EURIBOR, the Euro-zone inter-bank market, as the case may be, provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

(c) Zero Coupon Notes

Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i)).

(d) Accrual of Interest

Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).

(e) Adjustment of Rate of Interest for Fixed Rate Notes and Floating Rate Notes

If Step Up Ratings Change and Step Down Ratings Change is specified in the applicable Final Terms, the following provisions relating to the Rate of Interest for the Notes shall apply:

- (i) The Rate of Interest payable on the Notes will be subject to adjustment from time to time in the event of a Step Up Rating Change or a Step Down Rating Change, as the case may be.
- (ii) Subject to paragraphs (iv) and (vii) below, from and including the first Interest Payment Date following the date of a Step Up Rating Change, if any, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) payable on the Notes shall be increased by the Step Up Margin specified in the applicable Final Terms.
- (iii) Furthermore, subject to paragraphs (iv) and (vii) below, in the event of a Step Down Rating Change following a Step Up Rating Change, with effect from and including the first Interest Payment Date following the date of such Step Down Rating Change, the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) payable on the Notes shall be decreased by the Step Up Margin back to the initial Rate of Interest (in the case of Fixed Rate Notes) or the initial Margin (in the case of Floating Rate Notes).
- (iv) If a Step Up Rating Change and, subsequently, a Step Down Rating Change occur during the same Fixed Interest Period (in the case of Fixed Rate Notes) or the same Interest Period (in the

case of Floating Rate Notes), the Rate of Interest (in the case of Fixed Rate Notes) or the Margin (in the case of Floating Rate Notes) on the Notes shall be neither increased nor decreased as a result of either event.

- (v) The Issuer shall use all reasonable efforts to maintain credit ratings for its senior unsecured long-term debt from the Rating Agencies. If, notwithstanding such reasonable efforts, either Rating Agency fails to or ceases to assign a credit rating to the Issuer's senior unsecured long-term debt, the Issuer shall use all reasonable efforts to obtain a credit rating of its senior unsecured long-term debt from a substitute rating agency that shall be a Statistical Rating Agency, and references in this Condition 5(e) to Moody's or S&P, as the case may be, or the credit ratings thereof, shall be to such substitute rating agency or, as the case may be, the equivalent credit ratings thereof.
- (vi) The Issuer will cause the occurrence of a Step Up Rating Change or a Step Down Rating Change to be notified to the Trustee and the Issuing and Paying Agent and notice thereof to be published in accordance with Condition 16 as soon as possible after the occurrence of the Step Up Rating Change or the Step Down Rating Change (whichever the case may be) but in no event later than the fifth London Business Day thereafter.
- (vii) A Step Up Rating Change (if any) and a Step Down Rating Change (if any), may only occur once each during the term of the Notes.

The Trustee is under no obligation to ascertain whether a change in the rating assigned to the Notes by a Rating Agency or any substitute rating agency has occurred or whether there has been a failure or a ceasing by a Rating Agency or any Statistical Rating Agency to assign a credit rating to the Issuer's senior unsecured long-term debt and until it shall have actual knowledge or express notice pursuant to the Trust Deed to the contrary, the Trustee may assume that no such change to the credit rating assigned to the Notes has occurred or no such failure or ceasing by a Rating Agency or any Statistical Rating Agency has occurred.

If the rating designations employed by any Rating Agency is changed from those which are described in this Condition 5(e), the Issuer and the Guarantor shall determine, with the agreement of the Trustee (not to be unreasonably withheld or delayed), the rating designations of that Rating Agency as are most equivalent to the prior rating designations of that Rating Agency, and this Condition 5(e) shall be construed accordingly.

For the purposes of this Condition 5(e) only:

"Moody's" means Moody's Investors Service Ltd, or its successor;

"Rating Agency" means either Moody's or S&P and "Rating Agencies" means both of them;

"S&P" means Standard & Poor's Credit Market Services Europe Limited, or its successor;

"Statistical Rating Agency" means Fitch Italia S.p.A. or its successor or such other rating agency as the Trustee may approve, such approval not to be unreasonably withheld or delayed;

"Step Down Rating Change" means the first public announcement after a Step Up Rating Change by either a Rating Agency or both Rating Agencies of an increase in the credit rating of the Issuer's senior unsecured long-term debt with the result that, following such public announcement(s), both Rating Agencies rate the Issuer's senior unsecured long-term debt as Baa3 or higher (in the case of Moody's) and BBB- or higher (in the case of S&P). For the avoidance of doubt, any further increases in the credit rating of the Issuer's senior unsecured long-term debt above Baa3 in the case of Moody's or above BBB- in the case of S&P shall not constitute a Step Down Rating Change; and

"Step Up Rating Change" means the first public announcement by either a Rating Agency or both Rating Agencies of a decrease in the credit rating of the Issuer's senior unsecured long-term debt to below Baa3 (in the case of Moody's) or to below BBB- (in the case of S&P). For the avoidance of doubt, any further decrease in the credit rating of the Issuer's senior unsecured long-term debt from below Baa3 in the case of Moody's or from below BBB- in the case of S&P shall not constitute a Step Up Rating Change.

(f) *Margin, Maximum/Minimum Rates of Interest, Redemption Amounts and Rounding*

- (i) If any Margin is specified in the applicable Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with Condition 5(b) above by adding (if a positive number) or subtracting (if a negative number) the absolute value of such Margin, subject always to the next paragraph.
- (ii) If any Maximum or Minimum Rate of Interest or Redemption Amount is specified in the applicable Final Terms, then any Rate of Interest or Redemption Amount shall be subject to such maximum or minimum, as the case may be.
- (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

(g) *Calculations in respect of Floating Rate Notes*

The Issuing and Paying Agent will at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period.

Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Calculation Amount in respect of such Interest Period shall be the sum of the Interest Amount payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.

The Issuing and Paying Agent will calculate the Interest Amount payable on the Floating Rate Notes for the relevant Interest Period by applying the Rate of Interest to the Calculation Amount and multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with market convention. Where the Specified Denomination of a Floating Rate Note is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(h) *Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Early Redemption Amounts and Optional Redemption Amounts*

The Issuing and Paying Agent shall as soon as practicable on each Interest Determination Date or such other time on such date as the Issuing and Paying Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Early Redemption Amount, or any Optional Redemption Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Early Redemption Amount or any Optional Redemption Amount to be notified to the Trustee, the Issuer, each of the Paying Agents and the Noteholders appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination, but in no

event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination in accordance with Condition 16. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made with the consent of the Trustee by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition 5 but no publication of the Rate of Interest or the Interest Amount so calculated need be made unless the Trustee otherwise requires. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Issuing and Paying Agent shall (in the absence of manifest error) be final and binding upon all parties.

(i) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Issuing and Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period, provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Issuing and Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Designated Maturity” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(j) *Definitions*

In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

“Business Day” means:

- (i) in the case of a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre for such currency and/or
- (ii) in the case of euro, a day on which the TARGET2 System is open (a “TARGET Business Day”) and/or
- (iii) in the case of a currency and/or one or more Additional Business Centres a day on which commercial banks and foreign exchange markets settle payments in such currency and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the Additional Business Centre(s) or, if no currency is indicated, generally in each of the Additional Business Centres.

“Day Count Fraction” means, in respect of the calculation of an amount of interest on any Note for any period of time (from and including the first day of such period to but excluding the last) (whether or not constituting an Interest Period or an Interest Accrual Period, the “Calculation Period”):

- (i) if “Actual/Actual” or “Actual/Actual (ISDA)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365 (or, if any portion of that Calculation Period falls in a leap year, the sum of (a) the actual number of days in that portion

of the Calculation Period falling in a leap year divided by 366 and (b) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365)

- (ii) if “Actual/365 (Fixed)” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 365
- (iii) if “Actual/360” is specified in the applicable Final Terms, the actual number of days in the Calculation Period divided by 360
- (iv) if “30/360”, “360/360” or “Bond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (v) if “30E/360” or “Eurobond Basis” is specified in the applicable Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless such number would be 31, in which case D₂ will be 30;

- (vi) if “30E/360 (ISDA)” is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Calculation Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Calculation Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Calculation Period falls;

“D₁” is the first calendar day, expressed as a number, of the Calculation Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Calculation Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30; and

- (vii) if “Actual/Actual-ICMA” is specified in the applicable Final Terms:
- (a) if the Calculation Period is equal to or shorter than the Determination Period during which it falls, the number of days in the Calculation Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Periods normally ending in any year; and
 - (b) if the Calculation Period is longer than one Determination Period, the sum of:
 - (x) the number of days in such Calculation Period falling in the Determination Period in which it begins divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year; and
 - (y) the number of days in such Calculation Period falling in the next Determination Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Periods normally ending in any year,

where:

“Determination Period” means the period from and including a Determination Date in any year to but excluding the next Determination Date.

“Determination Date” means the date specified as such in the applicable Final Terms or, if none is so specified, the Interest Payment Date.

“euro” means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty on the functioning of the European Union, as amended (the “Treaty”).

“Euro-zone” means the region comprised of member states of the European Union that adopt the single currency in accordance with the Treaty.

“Interest Accrual Period” means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Period Date and each successive period beginning on (and including) an Interest Period Date and ending on (but excluding) the next succeeding Interest Period Date.

“Interest Amount” means:

- (i) in respect of an Interest Accrual Period, the amount of interest payable per Calculation Amount for that Interest Accrual Period and which, in the case of Fixed Rate Notes, means the Fixed Coupon Amount or Broken Amount, as the case may be, specified in the applicable Final Terms as being payable on the Interest Payment Date ending the Interest Period of which such Interest Accrual Period forms part; and
- (ii) in respect of any other period, the amount of interest payable per Calculation Amount for that period.

“Interest Commencement Date” means the Issue Date or such other date as may be specified in the applicable Final Terms.

“Interest Determination Date” means, with respect to a Rate of Interest and Interest Accrual Period, the date specified as such in the applicable Final Terms or, if none is so specified, (i) the first day of such Interest Accrual Period if the Specified Currency is sterling or (ii) the day falling two Business Days in London for the Specified Currency prior to the first day of such Interest Accrual Period if the Specified Currency is neither Sterling nor euro or (iii) the day falling two TARGET Business Days prior to the first day of such Interest Accrual Period if the Specified Currency is euro.

“Interest Period” means the period beginning on (and including) the Interest Commencement Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date.

“Interest Period Date” means each Interest Payment Date unless otherwise specified in the applicable Final Terms.

“ISDA Definitions” means the 2006 ISDA Definitions published by the International Swaps and Derivatives Association, Inc., as amended and updated as at the Issue Date of the first tranche of Notes.

“Rate of Interest” means the rate of interest payable from time to time in respect of this Note and that is either specified or calculated in accordance with the provisions in the applicable Final Terms.

“Reference Banks” means, in the case of a determination of LIBOR, the principal London office of four major banks in the London inter-bank market and, in the case of a determination of EURIBOR, the principal Euro-zone office of four major banks in the Euro-zone inter-bank market, in each case selected by the Issuing and Paying Agent.

“Reference Rate” means the rate specified as such in the applicable Final Terms.

“Relevant Screen Page” means such page, section, caption, column or other part of a particular information service as may be specified in the applicable Final Terms.

“Specified Currency” means the currency specified as such hereon or, if none is specified, the currency in which the Notes are denominated.

“TARGET2 System” means the Trans-European Automated Real-Time Gross Settlement Express Transfer (known as TARGET2) System which was launched on 19th November 2007 or any successor thereto.

6. Redemption, Purchase and Options

(a) Final Redemption

Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any Issuer’s or Noteholder’s option in accordance with Condition 6(d), 6(e) or 6(f), each Note shall be finally redeemed on the Maturity Date specified in the applicable Final Terms at its Final

Redemption Amount specified in the applicable Final Terms (which, unless otherwise provided in the applicable Final Terms, is its nominal amount).

(b) *Early Redemption*

(i) Zero Coupon Notes

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is specified in the applicable Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(c).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown specified in the applicable Final Terms.

(ii) Other Notes

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount or, if no such amount is so specified in the applicable Final Terms, at its nominal amount.

(c) *Redemption for Taxation Reasons*

The Notes may be redeemed at the option of the Issuer in whole, but not in part, on any Interest Payment Date (if this Note is a Floating Rate Note) or, at any time (if this Note is not a Floating Rate Note), on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Noteholders (which notice shall be irrevocable) at their Early Redemption Amount (as described in Condition 6(b) above) (together with interest accrued to the date fixed for redemption), if (i) the Issuer (or, if the Guarantee were called, the Guarantor) satisfies the Trustee immediately before the giving of such notice that it has or will become obliged to pay additional amounts as described under Condition 8 as a result of any change in, or amendment to, the laws or regulations of the United Kingdom or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective on or after the Trade Date, and (ii) such obligation cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer (or the Guarantor, as the case may be) would be obliged

to pay such additional amounts were a payment in respect of the Notes (or the Guarantee, as the case may be) then due. Before the publication of any notice of redemption pursuant to this Condition 6(c), the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer (or the Guarantor, as the case may be) stating that the obligation referred to in (i) above cannot be avoided by the Issuer (or the Guarantor, as the case may be) taking reasonable measures available to it and a legal opinion of legal advisers of recognised standing to the effect that such circumstances prevail and the Trustee shall be entitled to accept such certificate and legal opinion as sufficient evidence of the satisfaction of the condition precedent set out in (ii) above, in which event it shall be conclusive and binding on Noteholders and Couponholders.

(d) *Redemption at the Option of the Issuer (Issuer Call)*

If Issuer Call is specified as being applicable in the applicable Final Terms, the Issuer may, on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Noteholders, redeem all or, if so provided, some of the Notes on any Optional Redemption Date. Any such redemption of Notes shall be at the Optional Redemption Amount specified in the relevant Final Terms (together, if appropriate, with interest accrued to the date fixed for redemption). Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the applicable Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the applicable Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6(d).

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange requirements.

(e) *Make-Whole Redemption by the Issuer (Issuer Make-Whole Call)*

(a) *Sterling Make-Whole Amount*

If Sterling Make-Whole Redemption is specified in the applicable Final Terms, the Issuer may, on giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms to the Noteholders, redeem all, or, if so provided, some of the Notes, at any time or from time to time (i) where no particular period during which Sterling Make-Whole Redemption is applicable is specified, prior to their Maturity Date; or (ii) where Sterling Make-Whole Redemption is specified as only being applicable for a certain period, during such period, in each case on the date for redemption specified in such notice (the "Sterling Make-Whole Redemption Date") at the Sterling Make-Whole Redemption Amount.

The Sterling Make-Whole Redemption Amount shall be equal to the higher of (i) 100 per cent. of the outstanding principal amount of the Notes to be redeemed and (ii) the outstanding principal amount of the Notes to be redeemed multiplied by the price, as reported to the Issuer and the Trustee by the Financial Adviser, at which the Gross Redemption Yield on such Notes on the Reference Date is equal to the Gross Redemption Yield (determined by reference to the middle market price) at the Quotation Time specified in the applicable Final Terms on the Reference Date of the Reference Bond, plus the Redemption Margin (if any), all as determined by the Financial Adviser plus, in each case, any accrued interest on the Notes to, but excluding, the Sterling Make-Whole Redemption Date.

(b) *Non-Sterling Make-Whole Amount*

If Non-Sterling Make-Whole Redemption is specified in the applicable Final Terms, the Issuer may, on giving not less than the minimum period and not more than the maximum period of

notice specified in the applicable Final Terms to the Noteholders, redeem all, or, if so provided, some of the Notes, at any time or from time to time (i) where no particular period during which Non-Sterling Make-Whole Redemption is applicable is specified, prior to their Maturity Date; or (ii) where Non-Sterling Make-Whole Redemption is specified as only being applicable for a certain period, during such period, in each case on the date for redemption specified in such notice (the “Non-Sterling Make-Whole Redemption Date”) at the Non-Sterling Make-Whole Redemption Amount.

The Non-Sterling Make-Whole Redemption Amount shall be an amount calculated by the Issue and Paying Agent equal to the higher of (i) 100 per cent. of the outstanding principal amount of the Notes to be redeemed and (ii) the sum of the present values of the outstanding principal amount of the Notes to be redeemed and the Remaining Term Interest on such Note (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on an annual basis at the Reference Bond Rate, plus the Redemption Margin (if any) plus, in each case any accrued interest on the Notes to, but excluding, the Non-Sterling Make-Whole Redemption Date.

Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the applicable Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the applicable Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition 6(e).

In the case of a partial redemption, the notice to Noteholders shall also contain the certificate numbers of the Notes to be redeemed, which shall have been drawn in such place as the Trustee may approve and in such manner as it deems appropriate, subject to compliance with any applicable laws and stock exchange requirements.

“FA Selected Bond” means a government security or securities selected by the Financial Adviser as having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the remaining term of the Notes;

“Financial Adviser” means an independent financial adviser acting as an expert selected by the Issuer approved in writing by the Trustee;

“Gross Redemption Yield” means, with respect to a security, the gross redemption yield on such security, expressed as a percentage and calculated by the Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper “Formulae for Calculating Gilt Prices from Yields”, page 4, Section One: Price/Yield Formulae “Conventional Gilts/Double dated and Updated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date” (published 8 June, 1998, as amended or updated from time to time) on a semi-annual compounding basis (converted to an annualised yield and rounded up (if necessary) to four decimal places) or on such other basis as the Trustee may approve;

“Redemption Margin” has the meaning given in the relevant Final Terms;

“Reference Bond” shall be as set out in the applicable Final Terms or shall be the FA Selected Bond;

“Reference Bond Price” means, with respect to any date of redemption, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such date of redemption, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if the Issuing and Paying Agent obtains fewer than four such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations;

“Reference Bond Rate” means, with respect to any date of redemption, the rate per annum equal to the annual or semi-annual yield (as the case may be) to maturity or interpolated yield to maturity (on

the relevant day count basis) of the Reference Bond, assuming a price for the Reference Bond (expressed as a percentage of its nominal amount) equal to the Reference Bond Price for such date of redemption;

“Reference Date” will be set out in the relevant notice of redemption;

“Reference Government Bond Dealer” means each of five banks selected by the Issuer, or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues;

“Reference Government Bond Dealer Quotations” means, with respect to each Reference Government Bond Dealer and any date for redemption, the arithmetic average, as determined by the Issuing and Paying Agent, of the bid and offered prices for the Reference Bond (expressed in each case as a percentage of its nominal amount) at the Quotation Time specified in the applicable Final Terms on the Reference Date quoted in writing to the Issuing and Paying Agent by such Reference Government Bond Dealer; and

“Remaining Term Interest” means, with respect to any Note, the aggregate amount of scheduled payment(s) of interest on such Note for the remaining term of such Note determined on the basis of the rate of interest applicable to such Note from and including the date on which such Note is to be redeemed by the Issuer pursuant to this Condition.

(f) *Redemption at the Option of Noteholders*

(i) General Investor Put

If General Investor Put is specified as being applicable in the applicable Final Terms, the Issuer shall, at the option of the holder of any such Note, upon the holder of such Note giving not less than the minimum period and not more than the maximum period of notice specified in the applicable Final Terms, redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount specified in the applicable Final Terms together with interest accrued to the date fixed for redemption.

To exercise such option the holder must deposit (in the case of Bearer Notes) such Note (together with all unmatured Coupons and unexchanged Talons) with any Paying Agent or (in the case of Registered Notes) the Certificate representing such Note(s) with the Registrar or any Transfer Agent at its specified office, together with a duly completed option exercise notice (“Exercise Notice”) in the form obtainable from any Paying Agent, the Registrar or any Transfer Agent (as applicable) within the notice period. No Note or Certificate so deposited and option exercised may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

(ii) Change of Control Investor Put

If Change of Control Investor Put is specified in the applicable Final Terms, the following provisions shall apply to the Notes:

If whilst any of the Notes remain outstanding there occurs a Restructuring Event and within the Restructuring Period (a) (if at the time that Restructuring Event occurs there are Rated Securities) a Rating Downgrade in respect of that Restructuring Event occurs or (b) (if at the time that Restructuring Event occurs there are no Rated Securities) a Negative Rating Event in respect of that Restructuring Event occurs (that Restructuring Event and, where applicable, Rating Downgrade or Negative Rating Event, as the case may be, occurring within the Restructuring Period together called a “Put Event”), the holder of each Note will have the option (unless, prior to the giving of the Put Event Notice referred to below, the Issuer gives notice under Condition 6(c)) under this Condition 6(f)(ii) to require the Issuer to redeem or, at the Issuer’s option, purchase (or procure the purchase of) that Note on the Optional Redemption Date (as defined below) at its Optional Redemption Amount specified in the

applicable Final Terms together with (or, where purchased, together with an amount equal to) interest accrued to (but excluding) the Optional Redemption Date. For the avoidance of doubt, any references in these Terms and Conditions to principal shall be deemed to include the purchase price for Notes should the Issuer opt to purchase Notes pursuant to this Condition 6(f)(ii).

Promptly upon, and in any event within 14 days after, the Issuer becoming aware that a Put Event has occurred, the Issuer shall, and at any time upon the Trustee becoming similarly so aware the Trustee may, and if so requested by the holders of at least one-quarter in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders, the Trustee shall (subject in each case to the Trustee being indemnified and/or secured and/or pre-funded to its satisfaction), give notice (in each case, a "Put Event Notice") to the Noteholders in accordance with Condition 16 specifying the nature of the Put Event and the procedure for exercising the option (as set out in this Condition 6(f)(ii)).

To exercise the option to require redemption or, as the case may be, purchase of a Note under this Condition 6(f)(ii) the holder of that Note must, if this Note is in definitive form and held outside Euroclear and Clearstream, Luxembourg or any Alternative Clearing System, deliver such Note, on any business day in the city of the specified office of any Paying Agent falling within the period (the "Put Period") of 30 days after a Put Event Notice is given, at the specified office of any Paying Agent, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a "Put Option Notice") and in which the holder must specify a bank account to which payment is to be made under this Condition 6(f)(ii). The Note (in the case of Bearer Notes) should be delivered together with all Coupons appertaining thereto maturing after the date (the "Optional Redemption Date") which is the fourteenth day after the last day of the Put Period failing which an amount will be deducted from the payment to be made by the Issuer on redemption of the Notes corresponding to the aggregate amount payable in respect of such missing Coupons.

If this Note is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg or any Alternative Clearing System, to exercise the option to require redemption or, as the case may be, purchase of a Note under this Condition 6(f)(ii) the holder of the Note must, within the Put Period (a) give notice to the Issuing and Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on the Noteholder's instruction by Euroclear or Clearstream, Luxembourg or any common depositary for them to the Issuing and Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time and (b) if this Note is represented by a Global Note, at the same time present, or procure the presentation of, the relevant Global Note to the Issuing and Paying Agent for notation accordingly.

The Paying Agent to which such Note (if applicable) and Put Option Notice are delivered or the Issuing and Paying Agent, as the case may be, will issue to the holder concerned a non-transferable receipt (a "Put Option Receipt") in respect of the Note so delivered or, in the case of a Global Note or Note in definitive form held through Euroclear or Clearstream, Luxembourg, the notice so received. The Issuer shall redeem or, at the option of the Issuer, purchase (or procure the purchase of) the Notes in respect of which Put Option Receipts have been issued on the Optional Redemption Date, unless previously redeemed or purchased. Payment in respect of any Note so delivered will be made on the Optional Redemption Date by transfer to the account specified in the applicable Put Option Notice, in each case against presentation and surrender or (as the case may be) endorsement of such Put Option Receipt at the specified office of any Paying Agent in accordance with the provisions of this Condition 6(f)(ii).

If 95 per cent. or more in nominal amount of the Notes then outstanding immediately prior to the Put Event Notice have been redeemed or purchased pursuant to this Condition 6(f)(ii), the Issuer may, having given not less than 30 nor more than 60 days' notice to the Noteholders in

accordance with Condition 16, such notice to be given within 30 days after the Optional Redemption Date, redeem or, at the Issuer's option, purchase (or procure the purchase of) all but not some only of, the Notes then outstanding at their Optional Redemption Amount specified in the applicable Final Terms together with interest accrued to but excluding the date of such redemption. The notice referred to in the preceding sentence shall be irrevocable and shall specify the date fixed for redemption (which shall not be more than 60 days after the date of the notice). Upon expiry of such notice, the Issuer will redeem or, at the option of the Issuer, purchase (or procure the purchase of) the Notes.

For the purpose of this Condition 6(f)(ii) only:

“Alternative Clearing System” means any additional or alternative clearing system (other than Euroclear and Clearstream, Luxembourg) approved by the Issuer, the Guarantor, the Trustee and the Issuing and Paying Agent;

a “Negative Rating Event” shall be deemed to have occurred if (a) either the Issuer or the Guarantor does not, either prior to or not later than 21 days after the relevant Restructuring Event, seek, and thereupon use all reasonable endeavours to obtain, a long-term credit rating of the Notes or any other unsecured and unsubordinated debt of the Issuer (“Rateable Debt”) from a Rating Agency or (b) if it does so seek and use such endeavours, it is unable, within the Restructuring Period, as a result of such Restructuring Event to obtain such a credit rating of BBB- or higher (in the case of Standard & Poor's Credit Market Services Europe Limited or its successor (“S&P”)), Baa3 or higher (in the case of Moody's Investors Service Ltd or its successor (“Moody's")), (or, in the case of S&P or Moody's, as the case may be, their respective equivalents for the time being), or the equivalent credit rating from any other Rating Agency, provided that a Negative Rating Event shall be deemed not to have occurred in respect of a particular Restructuring Event if the Rating Agency declining to assign a credit rating of at least investment grade (as described above) does not announce or publicly confirm or inform the Trustee in writing at its request that its declining to assign a credit rating of at least investment grade was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Restructuring Event (whether or not the Restructuring Event shall have occurred at the time such investment grade rating is declined);

“Potential Restructuring Event Announcement” means any public announcement or statement by the Guarantor, any actual or potential bidder or any adviser acting on behalf of any actual or potential bidder relating to any potential Restructuring Event where, within 180 days following the date of such announcement or statement, a Restructuring Event occurs;

“Rated Securities” means the Notes so long as they shall have an effective long-term credit rating from any Rating Agency and otherwise any unsecured and unsubordinated debt of the Issuer which has a long-term credit rating from one of the Rating Agencies;

“Rating Agency” means S&P and its successors or Moody's and its successors or any other rating agency of equivalent standing specified by the Issuer from time to time and agreed in writing by the Trustee, such agreement not to be unreasonably withheld or delayed;

“Rating Agencies” means both S&P (and its successors) and Moody's (and its successors) and any other rating agency of equivalent standing specified by the Issuer from time to time and agreed by the Trustee in writing, such agreement not to be unreasonably withheld or delayed;

a “Rating Downgrade” shall be deemed to have occurred in respect of a Restructuring Event if the current credit rating provided by a Rating Agency assigned to the Rated Securities (a) is withdrawn and is not within the Restructuring Period reinstated to, or replaced (by another Rating Agency) by, a credit rating of at least equivalent to that which was current immediately before the occurrence of the Restructuring Event or (b) is reduced from an investment grade rating BBB- (in the case of S&P) or Baa3 (in the case of Moody's) (or their respective equivalents for the time being or the equivalent rating of any other Rating Agency) or higher to a non-investment grade rating BB+ (in the case of S&P) and Ba1 (in the case of Moody's) (or

their respective equivalents for the time being or the equivalent rating of any other Rating Agency) or lower and is not raised again to an investment grade rating within the Restructuring Period, provided that a Rating Downgrade otherwise arising by virtue of a particular reduction in, or withdrawal of, a credit rating shall be deemed not to have occurred in respect of a particular Restructuring Event if the Rating Agency making the reduction in, or withdrawal of, a credit rating to which this definition would otherwise apply does not announce or publicly confirm or inform the Trustee in writing at its request that the reduction was the result, in whole or part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Restructuring Event (whether or not the applicable Restructuring Event shall have occurred at the time of the Rating Downgrade);

a “Restructuring Event” shall be deemed to have occurred at each time (whether or not approved by the Board of Directors of the Guarantor) that any person or any persons acting in concert (as defined in the City Code on Takeovers and Mergers (as in force on the date of issue)), other than a holding company (as defined in Section 1159 of the Companies Act 2006) whose shareholders are or are to be substantially similar to the pre-existing shareholders of the Guarantor, or any person or persons acting on behalf of any such person(s), is/are or become(s) interested (within the meaning of Part 22 of the Companies Act 2006) in (a) more than 50 per cent. of the issued or allotted ordinary share capital of the Guarantor or (b) such number of shares in the capital of the Guarantor carrying more than 50 per cent. of the voting rights normally exercisable at a general meeting of the Guarantor; and

“Restructuring Period” means the period beginning on the date that is (a) the date of the first public announcement of the Restructuring Event or, if earlier, (b) the date of the earliest Potential Restructuring Event Announcement (if any) and ending 90 days after the occurrence of the Restructuring Event (if any) (or such longer period in which the Rated Securities or Rateable Debt, as the case may be, is or are under consideration (announced publicly within the period ending 90 days after the occurrence of the Restructuring Event) for rating review or, as the case may be, rating by a Rating Agency, such period not to exceed 60 days after the public announcement of such consideration).

If the rating designations employed by any of the Rating Agencies are changed from those which are described in paragraph (b) of the definition of “Negative Rating Event” or in the definition of “Rating Downgrade” above, the Issuer and the Guarantor shall determine, with the agreement of the Trustee (not to be unreasonably withheld or delayed), the rating designations of that Rating Agency as are most equivalent to the prior rating designations of that Rating Agency, and this Condition 6(f)(ii) shall be construed accordingly.

(g) Purchases

The Issuer, the Guarantor and any Subsidiaries may at any time purchase Notes (provided that all unmatured Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(h) Cancellation

All Notes purchased by or on behalf of the Issuer, the Guarantor or any Subsidiaries may be surrendered for cancellation, in the case of Bearer Notes, by surrendering each such Note together with all unmatured Coupons and all unexchanged Talons to the Issuing and Paying Agent and, in the case of Registered Notes, by surrendering the Certificate representing such Notes to the Registrar and, in each case, if so surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so surrendered for cancellation may not be reissued or resold and the obligations of the Issuer and the Guarantor in respect of any such Notes shall be discharged.

(i) *Definitions*

In these Conditions “Amortised Face Amount” means the amortised face amount calculated in accordance with Condition 6(b)(i).

7. Payments and Talons

(a) *Bearer Notes*

Payments of principal and interest in respect of Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Notes (in the case of payments of principal and, in the case of interest, as specified in Condition 7(f)(v)) or Coupons (in the case of interest, save as specified in Condition 7(f)(ii)), as the case may be, at the specified office of any Paying Agent outside the United States and its possessions by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank in the principal financial centre for such currency or, in the case of payment in euro, at the option of the holder, by transfer to or cheque drawn on a euro account (or any other account to which euro may be transferred) specified by the holder.

(b) *Registered Notes*

- (i) Payments of principal in respect of Registered Notes shall be made against presentation and surrender of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar and in the manner provided in sub-paragraph (ii) below.
- (ii) Interest on Registered Notes shall be paid to the person shown on the Register at the close of business on the fifteenth day before the due date for payment thereof (the “Record Date”). Payments of interest on each Registered Note shall be made in the relevant currency by cheque drawn on a bank and mailed to the holder (or to the first named of joint holders) of such Note at its address appearing in the Register. Upon application by the holder to the specified office of the Registrar or any Transfer Agent before the Record Date, and subject as provided in paragraph (a) above, such payment of interest may be made by transfer to an account in the relevant currency maintained by the payee with a bank in the principal financial centre of the country of such currency.

(c) *Payments in the United States*

Notwithstanding the foregoing, if any Bearer Notes are denominated in U.S. dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States and its possessions with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

(d) *Payments subject to Laws*

All payments are subject in all cases to (i) any applicable laws, regulations and directives, in the place of payment, but without prejudice to the provisions of Condition 8 and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the “Code”) or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations thereunder or official interpretations thereof, or (without prejudice to the provisions of Condition 8) any law implementing an intergovernmental approach thereto.

No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.

(e) Appointment of Agents

The Issuing and Paying Agent, the Paying Agents, the Registrar and the Transfer Agents initially appointed by the Issuer and the Guarantor and their respective specified offices are listed below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms. The Issuing and Paying Agent, the Paying Agents, the Registrar and the Transfer Agents act solely as agents of the Issuer and the Guarantor (and, in certain limited circumstances set out in the Trust Deed, as agents of the Trustee) and do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer and the Guarantor reserve the right at any time with the approval of the Trustee to vary or terminate the appointment of the Issuing and Paying Agent, any other Paying Agent, the Registrar or any Transfer Agent and to appoint additional or other Paying Agents or Transfer Agents, provided that the Issuer shall at all times maintain (i) an Issuing and Paying Agent, (ii) a Registrar in relation to Registered Notes, (iii) a Transfer Agent in relation to Registered Notes, (iv) Paying Agents having specified offices in at least two major European cities (v) such other agents as may be required by any other stock exchange on which the Notes may be listed in each case, as approved by the Trustee and (vi) a Paying Agent with a specified office in a European Union Member State that will not be obliged to withhold or deduct tax pursuant to European Council Directive (2003/48/EC) or any law implementing or complying with, or introduced in order to conform to such Directive.

In addition, the Issuer and the Guarantor shall forthwith appoint a Paying Agent in New York City in respect of any Bearer Notes denominated in U.S. dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 16.

(f) Unmatured Coupons and unexchanged Talons

- (i) Upon the due date for redemption of Bearer Notes which comprise Fixed Rate Notes should be surrendered for Payment together with all unmatured Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmatured Coupon(s) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupon(s) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
- (ii) Upon the due date for redemption of any Bearer Note comprising a Floating Rate Note, unmatured Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Where any Bearer Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if

appropriate) of the relevant Bearer Note or Certificate representing it, as the case may be. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Note or Certificate representing it, as the case may be.

(g) *Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Issuing and Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).

(h) *Non-Business Days*

If any date for payment in respect of any Note or Coupon is not a business day, the holder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “business day” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the relevant place of presentation, in such jurisdictions as shall be specified as “Additional Financial Centres” in the applicable Final Terms and:

- (i) in the case of a payment in a currency other than euro where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency; or
- (ii) in the case of a payment in euro which is a TARGET Business Day.

8. Taxation

All payments of principal and interest by or on behalf of the Issuer or the Guarantor in respect of the Notes and the Coupons, shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the United Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Issuer or, as the case may be, the Guarantor shall pay such additional amounts as shall result in receipt by the Noteholders and Couponholders of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note or Coupon:

- (a) *Other connection:* to, or to a third party on behalf of, a holder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom other than the mere holding of the Note or Coupon; or
- (b) *Presentation more than 30 days after the Relevant Date:* presented (or in respect of which the Certificate representing it is presented) for payment more than 30 days after the Relevant Date except to the extent that the holder of it would have been entitled to such additional amounts on presenting it for payment on the thirtieth day; or
- (c) *Payment to individuals:* where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (d) *Payment by another Paying Agent:* (except in the case of Registered Notes) presented for payment by or on behalf of a holder who would have been able to avoid such withholding or deduction by presenting the relevant Note or Coupon to another Paying Agent in a Member State of the European Union.

As used in these Conditions, “Relevant Date” in respect of any Note or Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable has not been duly received by the Issuing and Paying Agent on or prior to such due date) the date on which payment in full of the amount outstanding is made (notice to that effect shall have been given to Noteholders and Couponholders) or (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note (or relative Certificate) or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to:

- (i) “principal” shall be deemed to include any premium payable in respect of the Notes, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Sterling Make-Whole Redemption Amounts, Non-Sterling Make-Whole Redemption Amounts, Amortised Face Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it;
- (ii) “interest” shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it; and
- (iii) “principal” and/or “interest” shall be deemed to include any additional amounts that may be payable under this Condition or any undertaking given in addition to or in substitution for it under the Trust Deed.

9. Prescription

Claims against the Issuer and/or the Guarantor for payment in respect of the Notes and Coupons (which, for this purpose, shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Events of Default

If any of the following events (“Events of Default”) occurs, the Trustee at its discretion may, and if so requested by holders of at least one-fifth in nominal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution shall (subject, in each case, to being indemnified to its satisfaction) give notice to the Issuer that the Notes are, and they shall immediately become, due and payable at their Early Redemption Amount together (if applicable) with accrued interest:

- (i) *Non-Payment of Principal*: default is made for a period of more than 7 days in the payment on the due date of principal in the Specified Currency in respect of any of the Notes; or
- (ii) *Non-Payment of Interest*: default is made for a period of more than 14 days in the payment on the due date of interest in the Specified Currency in respect of any of the Notes; or
- (iii) *Breach of Other Obligations*: the Issuer or the Guarantor does not perform or comply with any one or more of its other obligations in the Notes or the Trust Deed which default is incapable of remedy or, if in the opinion of the Trustee capable of remedy, is not in the opinion of the Trustee remedied within 30 days after notice of such default shall have been given to the Issuer or the Guarantor by the Trustee; or
- (iv) *Cross-Default*: (A) any other present or future indebtedness of the Issuer or the Guarantor or any Principal Subsidiary for or in respect of moneys borrowed or raised becomes due and payable prior to its stated maturity by reason of any actual or potential default, event of default or the like (howsoever described), or (B) any such indebtedness is not paid when due or, as the case may be, within any applicable grace period, or (C) the Issuer or the Guarantor or any Principal Subsidiary fails to pay when due any amount payable by it under any present or future guarantee for, or indemnity in respect of, any moneys borrowed or raised provided that (i) such guarantee or indemnity is not being contested in good faith in accordance with legal advice or (ii) the aggregate amount of the relevant indebtedness, guarantees and indemnities in respect of which one or more of the events mentioned

above in this paragraph (iv) have occurred equals or exceeds €50,000,000 or its equivalent (as reasonably determined by the Trustee); or

- (v) *Enforcement Proceedings*: a distress, attachment, execution or other legal process is levied, enforced or sued out on or against any substantial part of the property, assets or revenues of the Issuer or the Guarantor or any Principal Subsidiary and is not discharged or stayed within 60 days thereof; or
- (vi) *Insolvency*: any of the Issuer or the Guarantor or any Principal Subsidiary is (or is deemed by law or a court to be) insolvent or bankrupt or unable to pay its debts, stops, suspends or threatens to stop or suspend payment of all or substantially all of its debts, proposes or makes a general assignment or an arrangement or composition with or for the benefit of the relevant creditors in respect of its debts or a moratorium is agreed, declared or comes into effect in respect of or affecting all or substantially all of the debts of the Issuer, the Guarantor or any Principal Subsidiary; or
- (vii) *Winding-up*: an administrator is appointed, an order is made or an effective resolution passed for the winding-up or dissolution or administration of the Issuer or the Guarantor or any Principal Subsidiary, or the Issuer or the Guarantor or any Principal Subsidiary shall apply or petition for a winding-up or administration order in respect of itself or cease or through an official action of its board of directors threaten to cease to carry on all or substantially all of its business or operations, in each case except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation (i) on terms approved by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders or (ii) in the case of a Principal Subsidiary, whereby the undertaking and assets of the Principal Subsidiary (or, as applicable, the relevant part thereof) are transferred to or otherwise vested in the Issuer, Guarantor and/or one or more Subsidiaries and except that neither the Issuer, the Guarantor nor any Principal Subsidiary shall be treated as having threatened to cease or having ceased to carry on all or substantially all of its business or operations by reason of any announcement of any disposal or by reason of any disposal on an arms length basis; or
- (viii) *Ownership of the Issuer*: the Issuer ceases to be directly or indirectly wholly-owned by the Guarantor except for the purpose of and followed by a reconstruction, amalgamation, reorganisation, merger or consolidation on terms approved by the Trustee or by an Extraordinary Resolution (as defined in the Trust Deed) of the Noteholders; or
- (ix) *Guarantee*: the Guarantee is not (or is claimed by the Guarantor not to be) in full force and effect; or
- (x) *Deed of Guarantee*: the guarantee provided under a deed dated 21st February 2014 by Imperial Tobacco Limited is not (or is claimed by Imperial Tobacco Limited not to be) in full force or effect prior to its termination in accordance with its terms,

provided that, in relation to paragraphs (v), (vi) and (vii), in respect of any Principal Subsidiary, the Trustee shall have certified that in its opinion such event is materially prejudicial to the interests of the Noteholders.

“Principal Subsidiary” means:

- (a) any Subsidiary of the Guarantor which is an active trading company and whose adjusted unconsolidated assets or pre-tax profit equal or exceed 10 per cent. of the consolidated assets or adjusted consolidated pre-tax profit of the Group (as defined in the Trust Deed), and for the purposes of the above:
 - (i) the consolidated assets of the Group shall be ascertained by reference to the latest audited published consolidated accounts of the Group;
 - (ii) the adjusted consolidated pre-tax profit of the Group shall be the aggregate of:
 - (A) the consolidated pre-tax profit of the Group ascertained by reference to the latest audited published consolidated accounts of the Group; and
 - (B) the consolidated pre-tax profit (the pre-acquisition profit) of any Subsidiary which became a member of the Group during the period for which the latest audited published

consolidated accounts of the Group were prepared (an acquired Subsidiary) for the part of that period which falls before the effective date of that acquisition, calculated in accordance with International Financial Reporting Standards and used in the preparation of the latest audited published accounts of the Group;

- (iii) the assets of any Subsidiary shall be the assets of that Subsidiary calculated in accordance with International Financial Reporting Standards and used in the preparation of the latest audited published accounts of the Group; and
- (iv) the pre-tax profit of any Subsidiary shall be the pre-tax profit of that Subsidiary calculated in accordance with International Financial Reporting Standards and used in the preparation of the latest audited published accounts of the Group plus, in the case of any acquired subsidiary, an amount equal to any pre-acquisition pre-tax profit.

For the purposes of the above, “assets” in respect of the Group or any such Subsidiary means the non-current assets and current assets of the Group or that trading Subsidiary (as the case may be) but excluding investments in any Subsidiary and intra Group balances, and “pre-tax profit” in respect of the Group or any such Subsidiary excludes intra Group interest payable and receivable and intra Group dividends; or

- (b) a Subsidiary of the Guarantor to which has been transferred (whether by one transaction or a series of transactions, related or not) the whole or substantially the whole of the assets of a Subsidiary which immediately prior to those transactions was a Principal Subsidiary.

A certificate signed by two directors or authorised signatories of the Guarantor whether or not addressed to the Trustee that, in their opinion, a Subsidiary of the Guarantor is or is not or was or was not at any particular time or throughout any specified period, a Principal Subsidiary shall, in the absence of manifest error, be conclusive and binding on the Issuer, the Guarantor and the Noteholders, all as further provided in the Trust Deed.

11. Meetings of Noteholders, Modification, Waiver and Substitution

(a) Meetings of Noteholders

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution (as defined in the Trust Deed) of a modification of any of these Conditions or any provisions of the Trust Deed. Such a meeting may be convened by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding. The quorum for any meeting convened to consider an Extraordinary Resolution shall be two or more persons holding or representing a clear majority in nominal amount of the Notes for the time being outstanding, or at any adjourned meeting two or more persons being or representing Noteholders whatever the nominal amount of the Notes held or represented, unless the business of such meeting includes consideration of proposals, *inter alia*, (i) to amend the dates of maturity or redemption of the Notes, or any date for payment of interest or Interest Amounts on the Notes, (ii) to reduce or cancel the nominal amount of, or any premium payable on redemption of, the Notes, (iii) to reduce the rate or rates of interest in respect of the Notes or to vary the method or basis of calculating the rate or rates or amount of interest or the basis for calculating any Interest Amount in respect of the Notes, (iv) if a Minimum and/or a Maximum Rate of Interest or Redemption Amount is specified in the applicable Final Terms, to reduce any such Minimum and/or Maximum, (v) to vary any method of, or basis for, calculating the Final Redemption Amount, the Early Redemption Amount or the Optional Redemption Amount, including the method of calculating the Amortised Face Amount, (vi) to vary the currency or currencies of payment or denomination of the Notes, (vii) to modify the provisions concerning the quorum required at any meeting of Noteholders or the majority required to pass the Extraordinary Resolution, or (viii) to modify or cancel the Guarantee, in which case the necessary quorum shall be two or more persons holding or representing not less than 75 per cent., or at any adjourned meeting not less than 25 per cent., in nominal amount of the Notes for the time being outstanding. Any Extraordinary Resolution duly passed shall be binding on Noteholders (whether or not they were present at the meeting at which such resolution was passed) and on all Couponholders.

The Trust Deed provides that a resolution in writing signed by or on behalf of the holders of not less than 75 per cent. in nominal amount of the Notes outstanding shall for all purposes be as valid and effective as an Extraordinary Resolution passed at a meeting of Noteholders duly convened and held. Such a resolution in writing may be contained in one document or several documents in the same form, each signed by or on behalf of one or more Noteholders.

(b) Modification of the Trust Deed

The Trustee may agree, without the consent of the Noteholders or Couponholders, to (i) any modification of any of the provisions of the Trust Deed that is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification (except as mentioned in the Trust Deed), and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed that is in the opinion of the Trustee not materially prejudicial to the interests of the Noteholders. Any such modification, authorisation or waiver shall be binding on the Noteholders and the Couponholders and, if the Trustee so requires, such modification shall be notified to the Noteholders as soon as practicable in accordance with Condition 16.

(c) Substitution

The Trust Deed contains provisions permitting the Trustee to agree, subject to such amendment of the Trust Deed and such other conditions as the Trustee may require, but without the consent of the Noteholders or the Couponholders, to the substitution of an Issuer's successor in business or any subsidiary of such Issuer or its successor in business in place of the Issuer and to the substitution of the Guarantor's successor in business in place of the Guarantor, or of any previous substituted company, as principal debtor or Guarantor under the Trust Deed and the Notes. In the case of such a substitution the Trustee may agree, without the consent of the Noteholders or the Couponholders, to a change of the law governing the Notes, the Coupons, the Talons and/or the Trust Deed provided that such change would not in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders.

(d) Entitlement of the Trustee

In connection with the exercise of its functions (including but not limited to those referred to in this Condition 11) the Trustee shall have regard to the interests of the Noteholders as a class and shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer or the Guarantor any indemnification or payment in respect of any tax in consequence of any such exercise upon individual Noteholders or Couponholders.

12. Enforcement

At any time after the Notes become due and payable, the Trustee may, at its discretion and without further notice, institute such proceedings against the Issuer and/or the Guarantor as it may think fit to enforce the terms of the Trust Deed, the Notes and the Coupons, but it need not take any such proceedings unless (a) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least one-fifth in nominal amount of the Notes outstanding, and (b) it shall have been indemnified to its satisfaction. No Noteholder or Couponholder may proceed directly against the Issuer or the Guarantor unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

13. Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility. The Trustee is entitled to enter into business transactions with the Issuer, the Guarantor and any entity related to the Issuer or the Guarantor without accounting for any profit.

The Trustee may rely without liability to Noteholders or Couponholders on a report, confirmation or certificate or any advice of any accountants, financial advisers, financial institution or any other expert, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Trustee may accept and shall be entitled to rely on any such report, confirmation or certificate or advice and such report, confirmation or certificate or advice shall be binding on the Issuer, the Trustee and the Noteholders.

14. Replacement of Notes, Certificates, Coupons and Talons

If a Note, Certificate, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and stock exchange regulations, at the specified office of the Issuing and Paying Agent in London (in the case of Bearer Notes, Coupons or Talons) and of the Registrar (in the case of Certificates) or such other Paying Agent or Transfer Agent, as the case may be, as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Note, Certificate, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Notes, Certificates, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Notes, Certificates, Coupons or Talons must be surrendered before replacements will be issued.

15. Further Issues

The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further securities either having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest on them) and so that such further issue shall be consolidated and form a single series with the outstanding securities of any series (including the Notes) or upon such terms as the Issuer may determine at the time of their issue. References in these Conditions to the Notes include (unless the context requires otherwise) any other securities issued pursuant to this Condition 15 and forming a single series with the Notes. Any further securities forming a single series with the outstanding securities of any series (including the Notes) constituted by the Trust Deed or any deed supplemental to it shall, and any other securities may (with the consent of the Trustee), be constituted by the Trust Deed. The Trust Deed contains provisions for convening a single meeting of the Noteholders and the holders of securities of other series where the Trustee so decides.

16. Notices

Notices to the holders of Registered Notes shall be mailed to them at their respective addresses in the Register and deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the date of mailing. Notices to the holders of Bearer Notes shall be valid if published in a daily newspaper having general circulation in London (which is expected to be the *Financial Times*). If in the opinion of the Trustee any such publication is not practicable, notice shall be validly given if published in another leading daily English language newspaper with general circulation in the United Kingdom. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication is made, as provided above.

Couponholders shall be deemed for all purposes to have notice of the contents of any notice given to the holders of Bearer Notes in accordance with this Condition 16.

17. Contracts (Rights of Third Parties) Act 1999

No person shall have any right to enforce any term or condition of the Notes under the Contracts (Rights of Third Parties) Act 1999.

18. Governing Law

The Trust Deed, the Notes, the Coupons and the Talons (including any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law.

Use of Proceeds

The net proceeds of each issue of Notes by the Issuer will be applied by the Issuer for its general corporate purposes (including the funding of loans to other subsidiaries of the Guarantor).

Summary of Provisions Relating to the Notes While in Global Form

Initial Issue of Notes

Global Notes which are issued in CGN form and Global Certificates which are not held under the NSS may be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg (the “Common Depository”).

If the Global Note is a CGN, upon the initial deposit of a Global Note with a common depository for Euroclear and Clearstream, Luxembourg or registration of Registered Notes in the name of any nominee for Euroclear and Clearstream, Luxembourg and delivery of the relative Global Certificate to the Common Depository, Euroclear or Clearstream, Luxembourg will credit each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

If the Global Notes are stated in the relevant Final Terms to be issued in NGN form or the Global Certificates are held under NSS (as the case may be), the Global Notes or the Global Certificates will be delivered on or prior to the original issue date of the Tranche to a common safekeeper (“Common Safekeeper”). Depositing the Global Notes or the Global Certificates with the Common Safekeeper does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue, or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. Where the Global Notes issued in respect of any Tranche are in NGN or NSS form, Euroclear and Clearstream, Luxembourg will be notified whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility.

If the Global Note is an NGN the nominal amount of the Notes shall be the aggregate amount from time to time entered in the records of Euroclear or Clearstream, Luxembourg. The records of such clearing system shall be conclusive evidence of the nominal amount of Notes represented by the Global Note and a statement issued by such clearing system at any time shall be conclusive evidence of the records of the relevant clearing system at that time.

Notes that are initially deposited with the Common Depository may also be credited to the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream, Luxembourg held by such other clearing systems. Conversely, Notes that are initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream, Luxembourg or other clearing systems.

Relationship of Accountholders with Clearing Systems

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg or any other permitted clearing system (“Alternative Clearing System”) as the holder of a Note represented by a Global Note or a Global Certificate must look solely to Euroclear, Clearstream, Luxembourg or any such Alternative Clearing System (as the case may be) for his share of each payment made by the Issuer to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, and in relation to all other rights arising under the Global Notes or Global Certificates, subject to and in accordance with the respective rules and procedures of Euroclear, Clearstream, Luxembourg or such Alternative Clearing System (as the case may be). Such persons shall have no claim directly against the Issuer in respect of payments due on the Notes for so long as the Notes are represented by such Global Note or Global Certificate and such obligations of the Issuer will be discharged by payment to the bearer of such Global Note or the holder of the underlying Registered Notes, as the case may be, in respect of each amount so paid.

Exchange

1. Temporary Global Notes

Subject to the following proviso, each temporary Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date:

- 1.1 if the relevant Final Terms indicate that such Global Note is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see “Overview of the Programme – Selling Restrictions”), in whole, but not in part, for the Definitive Notes defined and described below; and
- 1.2 otherwise, in whole or in part upon certification as to non-U.S. beneficial ownership in the customary form for interests in a permanent Global Note or, if so provided in the relevant Final Terms, for Definitive Notes,

in each case provided that a temporary Global Note representing Notes having denominations consisting of a minimum Specified Denomination and integral multiples of a smaller amount in excess thereof shall be exchangeable for Definitive Notes only in the limited circumstances (each an “Exchange Event”) set out in paragraph 2.4 under “Permanent Global Notes” below.

Each temporary Global Note that is also an Exchangeable Bearer Note will be exchangeable for Registered Notes in accordance with the Conditions in addition to any permanent Global Note or Definitive Notes for which it may be exchangeable and, before its Exchange Date, will also be exchangeable in whole or in part for Registered Notes only.

2. *Permanent Global Notes*

Subject to the following proviso, each permanent Global Note will be exchangeable, free of charge to the holder, on or after its Exchange Date in whole but not, except as provided under “Partial Exchange of Permanent Global Notes”, in part for Definitive Notes or, in the case of 2.3 below, Registered Notes:

- 2.1 by the Issuer giving notice to the Noteholders, the Issuing and Paying Agent and the Trustee of its intention to effect such exchange;
- 2.2 if the relevant Final Terms provide that such Global Note is exchangeable at the request of the holder, by the holder giving notice to the Issuing and Paying Agent of its election for such exchange;
- 2.3 if the permanent Global Note is an Exchangeable Bearer Note, by the holder giving notice to the Issuing and Paying Agent of its election to exchange the whole or a part of such Global Note for Registered Notes; and
- 2.4 otherwise, (i) if the permanent Global Note is held on behalf of Euroclear or Clearstream, Luxembourg or an Alternative Clearing System and any such clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or in fact does so or (ii) if principal in respect of any Notes is not paid when due, by the holder giving notice to the Issuing and Paying Agent of its election for such exchange,

in each case provided that a permanent Global Note representing Notes having denominations consisting of a minimum Specified Denomination and integral multiples of a smaller amount in excess thereof shall be exchangeable for Definitive Notes only upon an Exchange Event.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in Specified Denomination(s) only.

3. *Permanent Global Certificates*

If the relevant Final Terms state that the Notes are to be represented by a permanent Global Certificate on issue, the following will apply in respect of transfers of Notes held in Euroclear or Clearstream, Luxembourg or an Alternative Clearing System. These provisions will not prevent the trading of interests in the Notes within a clearing system whilst they are held on behalf of such clearing system, but will limit the circumstances in which the Notes may be withdrawn from the relevant clearing system.

Transfers of the holding of Notes represented by any Global Certificate pursuant to Condition 2(b) may only be made in part:

3.1 if the relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or

3.2 with the consent of the Issuer,

provided that, in the case of the first transfer of part of a holding pursuant to paragraph 3.1 or 3.2 above, the Registered Holder has given the Registrar not less than 30 days' notice at its specified office of the Registered Holder's intention to effect such transfer.

4. *Partial Exchange of Permanent Global Notes*

For so long as a permanent Global Note is held on behalf of a clearing system and the rules of that clearing system permit, such permanent Global Note will be exchangeable in part on one or more occasions (1) for Registered Notes if the permanent Global Note is an Exchangeable Bearer Note and the part submitted for exchange is to be exchanged for Registered Notes, or (2) for Definitive Notes if principal in respect of any Notes is not paid when due.

5. *Delivery of Notes*

If the Global Note is a CGN, on or after any due date for exchange the holder of a Global Note may, in the case of an exchange in whole, surrender such Global Note or, in the case of a partial exchange, present it for endorsement to or to the order of the Issuing and Paying Agent. In exchange for any Global Note, or the part thereof to be exchanged, the Issuer will (i) in the case of a temporary Global Note exchangeable for a permanent Global Note, deliver, or procure the delivery of, a permanent Global Note in an aggregate nominal amount equal to that of the whole or that part of a temporary Global Note that is being exchanged or, in the case of a subsequent exchange, endorse, or procure the endorsement of, a permanent Global Note to reflect such exchange or (ii) in the case of a Global Note exchangeable for Definitive Notes or Registered Notes, deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Notes and/or Certificates, as the case may be, or if the Global Note is a NGN, the Issuer will procure that details of such exchange be entered *pro rata* in the records of the relevant Clearing System. Global Notes and Definitive Notes will be delivered outside the United States and its possessions. In this Prospectus, "Definitive Notes" means, in relation to any Global Note, the definitive Bearer Notes for which such Global Note may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Global Note and a Talon). Definitive Notes will be security printed and Certificates will be printed in accordance with any applicable legal and stock exchange requirements in or substantially in the form set out in the Schedules to the Trust Deed. On exchange in full of each permanent Global Note, the Issuer will, if the holder so requests, procure that it is cancelled and returned to the holder together with the relevant Definitive Notes.

6. *Exchange Date*

"Exchange Date" means, in relation to a temporary Global Note, the day falling after the expiry of 40 days after its issue date and, in relation to a permanent Global Note, a day falling not less than 60 days, or in the case of an exchange for Registered Notes five days, or in the case of failure to pay principal in respect of any Notes when due 30 days, after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the specified office of the Issuing and Paying Agent is located and in the city in which the relevant clearing system is located.

7. *Definitive Notes*

If, in respect of any Tranche of Notes, the applicable Final Terms specifies that the Global Note may be exchanged for Definitive Notes in circumstances other than upon the occurrence of an Exchange Event, such

Notes will be issued with only one Specified Denomination or all Specified Denominations of such Notes will be an integral multiple of the lowest Specified Denomination, as specified in the applicable Final Terms.

The exchange of a Permanent Global Note for definitive Notes upon notice from Euroclear and/or Clearstream (acting on the instructions of any holder) or at any time at the request of the Issuer should not be expressed to be applicable in the applicable Final Terms if the Notes are issued with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency). Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Notes which is to be represented on issue by a Temporary Global Note exchangeable for definitive Notes.

Amendment to Conditions

The temporary Global Notes, permanent Global Notes and Global Certificates contain provisions that apply to the Notes that they represent, some of which modify the effect of the terms and conditions of the Notes set out in this Prospectus. The following is a summary of certain of those provisions:

1. Payments and record date

No payment falling due after the Exchange Date will be made on any Global Note unless exchange for an interest in a permanent Global Note or for Definitive Notes or Registered Notes is improperly withheld or refused. Payments on any temporary Global Note issued in compliance with the D Rules before the Exchange Date will only be made against presentation of certification as to non-U.S. beneficial ownership in the customary form. All payments in respect of Notes represented by a Global Note in CGN form will be made against presentation for endorsement and, if no further payment falls to be made in respect of the Notes, surrender of that Global Note to or to the order of the Issuing and Paying Agent or such other Paying Agent as shall have been notified to the Noteholders for such purpose. If the Global Note is a CGN, a record of each payment so made will be endorsed on each Global Note, which endorsement will be prima facie evidence that such payment has been made in respect of the Notes. Condition 7(e)(vi) and Condition 8(d) will apply to the Definitive Notes only. If the Global Note is a NGN or if the Global Certificate is held under the NSS, the Issuer shall procure that details of each such payment shall be entered *pro rata* in the records of the relevant clearing system and in the case of payments of principal, the nominal amount of the Notes recorded in the records of the relevant clearing system and represented by the Global Note or the Global Certificate will be reduced accordingly. Payments under a NGN will be made to its holder. Each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries in the records of the relevant clearing system shall not affect such discharge. For the purpose of any payments made in respect of a Global Note, the relevant place of presentation shall be disregarded in the definition of "business day" set out in Condition 7(h) (Non-Business Days).

All payments in respect of Notes represented by a Global Certificate will be made to, or to the order of, the person whose name is entered on the Register at the close of business on the Clearing System Business Day immediately prior to the date for payment, where "Clearing System Business Day" means a day on which the Clearing Systems are open and settle transactions.

2. Prescription

Claims against the Issuer in respect of Notes that are represented by a permanent Global Note will become void unless it is presented for payment within a period of 10 years (in the case of principal) and five years (in the case of interest) from the appropriate Relevant Date (as defined in Condition 8).

3. Meetings

For the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a permanent Global Note shall be treated as having one vote in respect of each integral currency unit of the Specified Currency of the Notes. (All holders of Registered Notes are entitled to one vote in respect of each integral currency unit of the Specified Currency of the Notes comprising such Noteholder's holding, whether or not represented by a Global Certificate.)

4. *Cancellation*

Cancellation of any Note represented by a permanent Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by reduction in the nominal amount of the relevant permanent Global Note or its presentation to or to the order of the Issuing and Paying Agent for endorsement in the relevant schedule of such permanent Global Note, whereupon the principal amount thereof shall be reduced for all purposes by the amount so cancelled and endorsed.

5. *Purchase*

Notes represented by a permanent Global Note may only be purchased by the Issuer, the Guarantor or any Subsidiaries if they are purchased together with the rights to receive all future payments of interest thereon.

6. *Issuer's Option*

Any option of the Issuer provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note shall be exercised by the Issuer giving notice to the Noteholders within the time limits set out in and containing the information required by the Conditions, except that the notice shall not be required to contain the serial numbers of Notes drawn in the case of a partial exercise of an option and accordingly no drawing of Notes shall be required. In the event that any option of the Issuer is exercised in respect of some but not all of the Notes of any Series, the rights of accountholders with a clearing system in respect of the Notes will be governed by the standard procedures of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of the relevant clearing system as either a pool factor or a reduction in nominal amount, at their discretion) or any other alternative clearing system (as the case may be).

7. *Noteholders' Options*

Any option of the Noteholders provided for in the Conditions of any Notes while such Notes are represented by a permanent Global Note may be exercised by the holder of the permanent Global Note giving notice to the Issuing and Paying Agent within the time limits relating to the deposit of Notes with a Paying Agent set out in the Conditions substantially in the form of the notice available from any Paying Agent, except that the notice shall not be required to contain the serial numbers of the Notes in respect of which the option has been exercised, and stating the nominal amount of Notes in respect of which the option is exercised and at the same time, where the permanent Global Note is a CGN, presenting the permanent Global Note to the Issuing and Paying Agent, or to a Paying Agent acting on behalf of the Issuing and Paying Agent, for notation. Where the Global Note is a NGN or where the Global Certificate is held under the NSS, the Issuer shall procure that details of such exercise shall be entered *pro rata* in the records of the relevant clearing system and the nominal amount of the Notes recorded in those records will be reduced accordingly.

8. *Trustee's Powers*

In considering the interests of Noteholders while any Global Note is held on behalf of, or Registered Notes are registered in the name of any nominee for, a clearing system, the Trustee may have regard to any information provided to it by such clearing system or its operator as to the identity (either individually or by category) of its accountholders with entitlements to such Global Note or Registered Notes and may consider such interests as if such accountholders were the holders of the Notes represented by such Global Note or Global Certificate.

9. *Notices*

So long as any Notes are represented by a Global Note and such Global Note is held on behalf of a clearing system, notices to the holders of Notes of that Series may be given by delivery of the relevant notice to that clearing system for communication by it to entitled accountholders in substitution for publication as required by the Conditions or by delivery of the relevant notice to the holder of the Global Note. Any such notice shall be deemed to have been given to the holders of the Notes on the business day (which for these purposes shall mean a day on which the relevant clearing systems are open for business) after the day on which the said notice was given to the relevant clearing system.

10. NGN nominal amount

Where the Global Note is a NGN, the Issuer shall procure that any exchange, payment, cancellation, exercise of any option or any right under the Notes, as the case may be, in addition to the circumstances set out above shall be entered in the records of the relevant clearing systems, and upon any such entry being made, in respect of payments of principal, the nominal amount of the Notes represented by such Global Note shall be adjusted accordingly.

Imperial Tobacco Group PLC

General

Imperial Tobacco Group PLC (“Imperial Tobacco”) was incorporated on 6th August 1996 as a public limited company under the Companies Act 1985 for an unlimited duration with company number 03236483. The registered and head office of Imperial Tobacco is at 121 Winterstoke Road, Bristol BS3 2LL, England (telephone number: +44 (0) 117 963 6636). Imperial Tobacco did not trade until 1st October 1996, when the tobacco business of Hanson PLC (“Hanson”) was transferred to Imperial Tobacco in consideration for the issue of £52 million of shares in Imperial Tobacco to Hanson shareholders. The ordinary shares of Imperial Tobacco were admitted to the Official List of the London Stock Exchange on 1st October 1996.

History and Development

The tobacco business of Imperial Tobacco has a long-established history. Imperial Tobacco Company (of Great Britain and Ireland) Limited (“Imperial Tobacco Company”) was formed in 1901 by the merger of 13 independent British tobacco companies which joined forces in the face of competition from American Tobacco Company. In 1902, a price war between Imperial Tobacco Company and American Tobacco Company was concluded with the formation of British-American Tobacco Company Limited, to which the export and duty-free businesses of both companies were transferred. As a result, the primary focus of Imperial Tobacco’s business was historically the U.K. and Irish markets. Since 1996, Imperial Tobacco has pursued a strategy of international growth through targeted organic expansion and acquisitions. This international growth strategy has transformed Imperial Tobacco from a predominantly U.K. business into an international enterprise with sales in over 160 countries worldwide.

In furtherance of its strategy of international expansion, between 1997 and 2001 Imperial Tobacco made a number of acquisitions, with interests in rolling papers, fine cut and pipe tobaccos, and cigarettes in Europe, Australasia and sub-Saharan Africa. In May 2002, Imperial Tobacco acquired 90.01 per cent. of the issued share capital of Reemtsma. Reemtsma was the fourth largest international cigarette manufacturer in the world by volume, with well-known brand names such as *West*, *Davidoff* and *R1* and strong representation in Germany and Western, Central and Eastern Europe. In 2004, Imperial Tobacco acquired the remaining 9.99 per cent. of the issued share capital of Reemtsma, bringing its total holding to 100 per cent.

In 2006, Imperial Tobacco acquired the *Davidoff* cigarette trademark which it had previously held under licence, and in 2007 Imperial Tobacco acquired the entire issued share capital of Commonwealth Brands, marking a significant move into the U.S. tobacco market.

In January 2008, Imperial Tobacco completed its acquisition of Altadis, which strengthened its cigarette positions in Western Europe, North Africa, the Middle East and Russia with well-known brands such as *Gauloises*, *Gitanes* and *Fortuna*. In addition, Altadis has significant logistics operations in Spain, France and Italy.

In 2012 Imperial Tobacco founded Fontem Ventures, a standalone subsidiary, to explore revenue growth opportunities outside of its core tobacco business, concentrating initially on the e-vapour sector.

Imperial Tobacco’s ordinary shares are traded on the London Stock Exchange and in the U.S. on the OTCQX International Premier platform operated by Pink OTC Markets.

Products and Services

Tobacco

Imperial Tobacco offers a comprehensive range of cigarettes, cigars, other tobacco products, rolling papers and tubes through its total tobacco portfolio. The other tobacco products category includes fine cut tobacco including roll your own and make your own tobaccos, pipe tobacco, snuff and snus. Across this total tobacco portfolio, Imperial Tobacco categorises its brands as growth, specialist and portfolio. In common with many

international tobacco companies, Imperial Tobacco does not own the rights to all of its brands in every territory in which it operates.

Imperial Tobacco's growth brands are *Davidoff*, *Gauloises Blondes*, *West*, *JPS*, *Bastos*, *Fine*, *Lambert & Butler*, *News*, *Parker & Simpson* and *USA Gold*. Its specialist brands reflect its unique total tobacco focus and have strong positions in their own categories. They include: *Gitanes* and *Style* in cigarettes; *Golden Virginia*, *Drum* and *Route 66* in fine cut tobacco; *Cohiba*, *Montecristo* and *Romeo y Julieta* in premium cigars; *Backwoods* in mass-market cigars; *Skruf* in snus; and *Rizla* in rolling papers.

Logistics

Following the acquisition of Altadis, Imperial Tobacco also has a major logistics business in Southern Europe. In Spain, France, Italy, Portugal and Poland, its logistics business is conducted through Compañía de Distribución Integral Logista, S.A. ("Logista") and its subsidiaries. The logistics business comprises tobacco logistics, which is involved in the transportation of tobacco products in Spain, France, Italy, Portugal and Poland, and non-tobacco logistics, which provides specialised transport services for industries such as publishing and pharmaceuticals, as well as general transport and courier services, principally in Spain, Portugal and France.

The logistics business is run as an independent business and has always operated on a basis of neutrality, which Imperial Tobacco is committed to retaining.

Strategy

Imperial Tobacco's strategy is to create sustainable shareholder value by delivering high-quality sustainable sales growth, whilst effectively managing its costs and cash flows. Its focus is on building total tobacco brands that will deliver sustainable sales at high margins. This generates strong cashflows which are used to both reinvest in the business and reward shareholders.

Sales growth

Imperial Tobacco has a strong international profile, with its products sold in over 160 countries worldwide. Taking into account the variations in tobacco markets across the world, it uses its position and extensive expertise in each region to seek to maximise shareholder returns.

Its most profitable market is the U.K. and it has held a significant position in Germany since its acquisition of Reemtsma in 2002. In April 2007 it acquired Commonwealth Brands which gave it access to the U.S. tobacco market and, with the acquisition of Altadis, it added strong market positions in Spain and France as well as a further enhancement to its U.S. footprint with the U.S. cigar business.

These key market positions are complemented by operations in most countries in Western Europe, including The Netherlands, the Republic of Ireland, Belgium, Luxembourg, Portugal, Greece and Italy.

Outside Western Europe, it has regional strength in sub-Saharan Africa, the Middle East, selected countries in Central Europe, Eastern Europe, Asia, the Americas and Australasia, as well as duty free. Its key markets within these regions include the Ivory Coast, Morocco, Saudi Arabia, Iraq, Poland, Russia, Ukraine, Taiwan and Australia.

In the 2013 financial year Imperial Tobacco changed its reporting structure to Growth Markets and Returns Markets (each as defined below) based on the strategic role individual markets play rather than their geographic location.

Growth markets are markets which are characterised by large profit and/or volume pools ("Growth Markets"). Imperial Tobacco tends to have cigarette shares below 15 per cent, but sees considerable opportunities for share and profit growth over the long-term through leveraging its growth brands in these markets and prioritising investment. Growth Markets include the USA, Italy and Russia along with the majority of markets in Eastern Europe, Asia and the Middle East.

Returns markets are markets where Imperial Tobacco has an established presence and a relatively high cigarette share, mostly above 15 per cent. (“Returns Markets”). Cigarette volumes in these markets are typically in decline, but the objective is to build on Imperial Tobacco’s strong position to maximise returns over the long-term by growing profit whilst managing market share.

Returns Markets are split into two divisions, North and South, with allocation based on the prevailing market characteristics, such as maturity, duty structure and channel distribution, rather than geographic location. Returns Markets North include the U.K., Germany and Australia, while Returns Markets South include France, Spain and Morocco.

The work Imperial Tobacco undertakes in all these areas across its markets supports its sustainable sales growth strategy.

Imperial Tobacco sees opportunities to grow organically, enhancing and extending its existing global operations and continues to seek opportunities for acquisitions which increase both international scale and penetration in targeted markets, particularly where those businesses have highly complementary geographic profiles and strong brand portfolios.

Cost optimisation

The continued focus on optimising costs and improving efficiency supports sales development. Imperial Tobacco’s ongoing search for productivity improvements, through the effective use of its assets and by optimising its manufacturing capacity, is the primary driver of its manufacturing strategy. Imperial Tobacco seeks continuous performance improvements and believes there is further potential for cost savings through its ongoing programme of complexity reduction and the extension of best practice across all its manufacturing facilities, while recognising the need to reinvest in the business to support sales growth and safeguard its reputation for quality, flexibility and innovation.

In 2013, Imperial Tobacco announced a cost optimisation programme which aims to deliver annual savings of £300 million from September 2018 driven by savings in product costs and refinements of its operating model.

Effective cash management

Imperial Tobacco’s business is highly cash generative. A key focus is on managing capital expenditure and working capital, tax and interest costs to ensure cash flows are maximised. Its objective is to ensure that the cash it generates is used efficiently through debt reduction, investments that support its sales strategy, acquisitions and returning funds to its shareholders in order to optimise total shareholder return.

Imperial Tobacco has invested around £17.5 billion in acquisitions since its listing on the London Stock Exchange in 1996. It is committed to continuing to expand its business through both acquisitions and organic investment opportunities. Additionally, since its share listing it has returned £9.5 billion to shareholders through a combination of dividends and its share buyback programme. Its current dividend policy is to increase dividends ahead of the growth in adjusted earnings, and by at least 10 per cent. for the foreseeable future.

These strategies are subject to risks and costs that could prevent Imperial Tobacco from achieving some or all of its objectives (see “Risk Factors”).

Manufacturing

Imperial Tobacco seeks to share technology and expertise across its factories around the world in order to reduce manufacturing costs and increase efficiency. It focuses on high-quality, low-cost manufacturing and has an ongoing drive to improve productivity across the business. Imperial Tobacco aims to ensure that its manufacturing base is structured effectively, to ensure a fast response to evolving market and consumer dynamics. To this end, it has invested in new and upgraded machinery in a number of its factories, and closed other factories to increase efficiency.

Its main materials are tobacco leaf, paper, acetate tow (for the production of cigarette filter tips) and printed packaging materials utilising carton board, which are purchased from a number of suppliers. Imperial Tobacco seeks to reduce its exposure to individual markets by sourcing tobacco leaf from a number of different countries, including Brazil, China, India, Turkey and Malawi.

Sales and distribution

Imperial Tobacco seeks to ensure the wide availability of its product ranges at competitive prices, constantly monitoring retail outlets for availability and price competitiveness. It has continued to invest in sales force technology and analysis tools across the Group, and believes the information provided gives it a competitive advantage and supports regular, frequent contact with targeted retailers.

The manner in which it distributes its products varies by country. In some countries, particularly in Western Europe, it distributes its products itself (including through Logista). In other countries, particularly in emerging markets, it distributes under agreements with third parties. In the countries in which it has its own distribution networks, it often also distributes products for other tobacco manufacturers.

Corporate Governance

Imperial Tobacco is committed to maintaining a high standard of corporate governance and the Group complies with the governance rules and best practice provisions applying to U.K. listed companies as contained in section 1 of the U.K. Corporate Governance Code.

The Board

The Board is the principal decision making forum of the Group and manages overall control of the Group's affairs by the schedule of matters reserved for its decision contained in the Group's Corporate Manual. These include, *inter alia*, responsibility for the Group's commercial strategy, the approval of financial statements and corporate plans, the overall corporate governance framework, acquisitions and disposals, treasury, tax and risk management policies and appointment and removal of Directors and the Company Secretary.

Corporate accountability and governance are also managed through the following committees of the Board:

Operating Executive: To ensure the effective implementation of Group strategy and policy the Board has delegated authority of the day-to-day operation of the business to the Chief Executive supported by the Operating Executive, who also has responsibility for preparing, and measuring performance against, the operational plan of the business and updating the plan where appropriate to ensure the Group achieves its financial and non-financial targets. They have full power to act, subject to the reserved powers and sanctioning limits laid down by the Board and the Group's policy guidelines.

Remuneration Committee: The Remuneration Committee sets the remuneration package for each Executive Director and the Group's most senior executives after taking advice principally from external sources where appropriate, including independent remuneration consultants and data providers.

Nominations Committee: The Nominations Committee's remit includes evaluation of the balance of skills, knowledge and experience on the Board, the development of role specifications, the formulation of succession plans and the making of recommendations to the Board with regard to the appointment of Directors.

Audit Committee: The Audit Committee's terms of reference include, *inter alia*, monitoring internal control throughout the Group, approving the Group's accounting policies, reviewing the half-yearly and annual financial statements prior to submission to the Board, reviewing the scope of the external audit plan and the Group Internal Audit work plan, the review of auditor appointments, performance and independence, the review of Group Internal Audit performance and the review of risk management systems.

Major Shareholders

So far as Imperial Tobacco is aware, no person or persons, directly or indirectly, jointly or severally exercise or could exercise control over Imperial Tobacco.

Legal Environment

Smoking and health-related litigation

The Group is currently involved in a number of legal cases in which claimants are seeking damages for alleged smoking and health-related effects.

To date, there has been no recovery of damages against the Group in any jurisdiction in any claim alleging that its tobacco products have resulted in damage to the health of smokers. The Group has not entered into any out-of-court settlement with any claimant in any such action. The Group is vigorously contesting the pending actions described below and intends to continue to do so. However, there can be no assurance that legal aid or other funding will not be made available to claimants in smoking and health-related litigation in the future, that favourable decisions will be achieved by the Group in any of these proceedings or that additional proceedings will not be commenced against it in the United Kingdom, the U.S., Germany, Spain, France or elsewhere. If the Group is found liable to pay damages in any jurisdiction, such a finding may

precipitate further claims. If such claims are successful, the cumulative liability for damages could be very significant and is currently unquantifiable. Regardless of the outcome of any litigation, the Group will incur costs defending claims which it will not be able to recover fully, irrespective of whether it is successful in defending such claims.

Litigation in the United Kingdom

There are no active or, so far as the Group is aware, threatened proceedings against the Group in respect of smoking and health-related litigation in the United Kingdom.

Litigation in the U.S.

On 8th February 2007 Imperial Tobacco announced that it had agreed to acquire the entire issued share capital of Commonwealth Brands. This acquisition was completed on 2nd April 2007. In addition, the Group has commenced sales of tobacco products, including cigarettes, through Commonwealth Brands in conjunction with Commonwealth Brands' existing business operations, into the U.S.

Litigation involving Commonwealth Brands

The Group is aware of one smoking and health-related claim commenced by an individual, in which its subsidiary Commonwealth Brands is named, along with numerous other tobacco manufacturers, as a defendant. The claim is a 2005 personal injury lawsuit known as *Croft v Akron Gasket, et al*, and is pending in a state court in Cuyahoga County, Ohio.

The claim is in respect of alleged injuries caused by smoking between 1941 and 1943 a brand of cigarettes acquired from another cigarette manufacturer in 1996. A motion for summary judgment was filed by Commonwealth Brands in October 2005. In February 2012, the case was administratively dismissed without prejudice, in an order designated as "final", on a motion filed by Eaton Corporation. Ohio counsel have indicated that there is some chance that the plaintiff could attempt to revive or re-file the action under Ohio law.

Other than the individual claim referred to above, the Group is not aware of any pending or threatened smoking and health-related legal proceedings against Commonwealth Brands. In addition, Commonwealth Brands has never lost nor settled any smoking and health-related litigation proceedings, nor been named as a defendant in any class action.

U.S. litigation environment and the Master Settlement Agreement

U.S. tobacco manufacturers continue to be named in numerous proceedings for claims for injuries relating to the consumption of tobacco products, particularly cigarettes. Claims in the U.S. against tobacco manufacturers broadly fall within a number of categories, including: (a) individual claims alleging personal injury or death; (b) class actions alleging personal injury or requesting court-supervised programmes for ongoing medical supervision and monitoring; (c) claims brought to recover the costs of providing health care; and (d) claims in relation to the labelling of products as "light" or "ultra light".

In respect of state health care costs, Commonwealth Brands, SEITA, Lignum, ITL and several other Imperial Tobacco affiliates are signatories to the Master Settlement Agreement in the U.S. (the "MSA"). Commonwealth Brands was the first U.S. cigarette manufacturer to voluntarily sign the MSA, without any action having been brought against it by any state, in 1998, and SEITA and Lignum became SPMs in 1999. The MSA is an agreement between certain U.S. tobacco product manufacturers with 46 U.S. states, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, American Samoa and Northern Marianas on account of health care recovery costs and other claims. Manufacturers that participate in the MSA are protected from state health care cost actions and in return must make yearly payments, based on market share. The MSA also contains provisions restricting the advertising and marketing of tobacco products. Among these provisions are restrictions or prohibitions on the use of cartoon characters, brand name sponsorship, apparel and other merchandise, outdoor and transit advertising, payments for product placement, free sampling and lobbying.

The MSA includes an adjustment mechanism, known as a non-participating manufacturer (“NPM”) adjustment, that potentially reduces participating tobacco manufacturers’ annual MSA payment obligations. In order for an NPM adjustment to be made, an independent auditor must determine that the participating manufacturers have experienced a market share loss to those manufacturers who are not participants, and an independent firm of economic consultants must determine that the MSA was a significant factor contributing to that loss. The adjustment is then allocated among the settling states that are MSA parties according to whether they “diligently enforced” statutes known as “Qualifying Statutes”. Although, for each year from 2003 to 2012 inclusive the two requirements for application of the adjustment have been fulfilled, the relevant settling states dispute that any adjustment is required on the basis that they “diligently enforced” “Qualifying Statutes”. This dispute is continuing. The states and manufacturers recently completed arbitration over the 2003 NPM adjustment, with disputes over the remaining years still to be arbitrated.

Effective from 17th December 2012, the manufacturers entered a “term sheet” with 17 states, the District of Columbia, and Puerto Rico setting out terms for settlement of the NPM adjustment for 2003 through to 2012 and addressing the NPM adjustment mechanism for those states for future years. The arbitration panel ordered implementation of certain terms of the settlement and rejected objections to it in March 2013. In May 2013 two additional states joined the settlement. Certain states that are not parties to the proposed settlement objected to approval of the term sheet by the arbitration panel, and have subsequently filed motions to vacate the settlement in their state courts. The trial-level court in one settling state has rejected the state’s motion to vacate; an appeal may be filed. No assurance can be given as to the outcome of any such law suits.

The arbitration panel for the 2003 adjustment issued its decisions with respect to the states and territories that did not agree to settle in September 2013. Previously, the manufacturers had advised the panel that they were not contesting diligent enforcement for 16 states. The panel’s decisions found that six of the remaining 15 states that were contested, and that did not settle, were not diligent. As a result, the manufacturers will recover the entire amount remaining for the 2003 NPM adjustment after the reduction ordered by the panel to reflect the settlement and a 20 per cent reduction for a prior settlement. All of the six states that were found “non-diligent” have filed motions to vacate their individual awards in their individual state courts. They seek to overturn the awards entirely, eliminating their liability for the 2003 adjustment, and also to reduce their exposure by altering the arbitration panel’s treatment of the settlement. No assurance may be given as to the outcome of such motions.

Litigation in the Republic of Ireland

In the Republic of Ireland, plenary summonses were issued against John Player, an Irish subsidiary of Imperial Tobacco, and other tobacco companies over the period from 17th October 1997 to 21st January 2003, naming 446 individuals seeking damages for alleged smoking related health effects.

The majority of these claims have been dismissed, discontinued or confirmed as not proceeding, leaving 5 claimants seeking damages jointly against John Player and other companies or solely against John Player. Of these remaining 5 claimants: (i) in four cases represented by Beauchamps solicitors, the claimants are deceased and Beauchamps have been unsuccessful in their efforts to contact any family or other representatives of the deceased for the purpose of obtaining instructions and, in the event that any of these four cases reactivate, it is very likely that they would be struck out on grounds of delay; and (ii) the final remaining case against John Player, by claimant Margaret O’Connor (represented by Devane solicitors), has been inactive since 2003, and can be assumed to have been abandoned. Even if this case reactivates, it is very likely that it would be struck out on grounds of delay.

Litigation in Spain

On 20th February 2002, the Government of Andalusia (the “Junta”) and the Andalusian Health Service filed a claim at the Court of First Instance No. 68 in Madrid against Altadis, Tabacos Canary Islands S.A., CITA Tabacos de Canarias S.L. (both former subsidiaries of Altadis) and other tobacco manufacturers seeking damages of €1,769,964 (approximately £1,455,254²) as reimbursement for the health care costs incurred by

² As at 18th February 2014

three hospitals in Andalusia in the treatment of 135 patients with alleged tobacco-related illnesses. On 27th February 2004, the Spanish State was joined as a defendant to the claim. On 11th May 2004, the Court of First Instance dismissed the claim for lack of jurisdiction. The Junta appealed and on 16th January 2006 the High Court of Appeal of Madrid dismissed the appeal.

In July 2006, the Junta filed a new claim in the Contentious Administrative Division of the Audiencia Nacional (“CADAN”) against the same defendants, including Altadis and the Spanish State. The Ministry of Economy filed preliminary objections on the basis that the Junta had failed to follow the specific preliminary administrative procedure that must be conducted before a claim for pecuniary liability can be brought against the State in the Spanish administrative courts. The defendant tobacco companies, including Altadis, filed pleadings in support of these preliminary objections. On 14th November 2007, the CADAN issued a decision accepting the Ministry of Economy’s preliminary objections and dismissed the claim as against all defendants. The Junta filed a request with the CADAN asking it to reconsider its decision. On 25th January 2008, the CADAN issued a decision dismissing the Junta’s request. An appeal to the Spanish Supreme Court by the Junta was rejected on 30th September 2009. This decision is final.

On 18th October 2007, the Junta also made a formal request to the Ministry of Economy that the above claim for reimbursement be treated as a claim for monetary liability against the Spanish State. If that formal request had been granted, the proceedings would have followed a specific preliminary administrative procedure. The Junta did not receive a response to the formal request and treated the lack of response as a presumed rejection. The Junta therefore appealed to the CADAN, which ordered the Ministry of Economy to forward the public records relating to the request on 18th October 2007 and to summon the six tobacco companies concerned (including Altadis) to appear in court. Altadis appeared in court on 28th July 2008. On 16th October 2008, the CADAN issued a decision stating that Altadis, along with four other tobacco companies, is a co-defendant to the proceedings. On 7th November 2008, the Ministry of Economy wrote to the Junta expressly rejecting their formal request. The Junta therefore requested that these two rejections (the one presumed from silence and the express rejection) be consolidated together. This request was granted by the CADAN and the CADAN ordered the Junta to file its Statement of Claim. The Junta filed its Statement of Claim on 6th May 2009 (notified to the State Attorney on 9th July 2009). On 14th July 2009, the State Attorney filed preliminary objections arguing that the claim should be dismissed on the basis of *lis pendens*. The tobacco companies, including Altadis, filed briefs in support of the State Attorney’s preliminary objections between 21st and 24th September 2009. On 22nd January 2010, the CADAN rejected the State Attorney’s preliminary objections and issued an order on 16th March 2010 resuming the proceedings and requiring that the State Attorney file its defence.

On 14th May 2010, the CADAN notified the tobacco companies, including Altadis, that the State Attorney had filed its defence to the Junta’s claim. In this notification, the CADAN granted the tobacco companies 20 business days in which to file their defences. On 18th May 2010, Altadis filed its preliminary objections to the Junta’s claim and, on 19th May 2010, Altadis (as well as the other defendants) notified the CADAN that it had not been provided with a full copy of the documentation attached to the claim and requested that; (i) it be provided with a copy; and (ii) the time period for the filing of the defence be re-started only once a copy has been provided.

The filing of preliminary objections stopped the clock running for the filing of the defence. The preliminary objections were rejected by the CADAN on 10th May 2011.

On 19th May 2011, the CADAN passed a decision ordering the Junta to provide the co-defendants with a full copy of the documentation attached to its claim and suspending the period for the filing of the defence until such documents are provided. On 28th June 2012, the CADAN requested the Junta to provide the relevant documentation within 10 days.

On 8th October 2012, the CADAN: (i) informed the co-defendants of the submission made by the Junta informing the CADAN that the Supreme Court had sent the requested documentation to the wrong file handled by the CADAN; (ii) ordered that the file be sent to the CADAN in order for the CADAN to confirm whether it contained the relevant documentation; and (iii) permitted the Junta to supply a photocopy of the documentation in place of the original.

On 26th May 2013 the CADAN notified the parties that the documentation was available for collection at the court and re-started the time period for the filing of the defence. Altadis filed its defence and supporting expert's report on 27th June 2013. On 26th July 2013 the court ordered that the evidentiary period in this case would not be opened due to deficiencies in the Junta's pleadings.

On 23rd December 2013, the CADAN rendered its decision to dismiss the Junta's claim on procedural grounds. The CADAN nevertheless awarded the Junta the annulment of the resolution of the Secretary of the Treasury on 7th November 2008. The reason for this is that in its resolution the Secretary rejected the Junta's claim on the basis that it did not meet the requirements to bring an action for pecuniary liability of the State, when the Junta was not actually bringing such an action (as it repeatedly stated throughout the proceedings), but instead the one established in article 83 of the General Healthcare Law.

The Junta had 10 business days to register its intention to appeal with the CADAN. Before this period expired, on 16th January 2014, the State Attorney filed a request for clarification at the CADAN. In this request the State Attorney asked the CADAN to confirm that its decision to annul the Ministry's Resolution of 7th November 2008 was due only to the fact that the Junta's claim for reimbursement should not have been dealt with by the Ministry as if it were a claim for pecuniary liability of the State, such that the Ministry does not have to do anything to give effect to the CADAN's decision because it has clearly stated that the Junta's claim is inadmissible. The effect of this request for clarification was to stay the Junta's period for appealing the CADAN's 23rd December 2013 decision until the CADAN responded to the State Attorney's request for clarification. On 29th January 2014, the CADAN issued an Order rejecting the State Attorney's request for clarification on the basis that the State Attorney's interpretation was sufficiently clear from the original decision. The Junta has 10 business days from the date on which it received this Order to register its intention to appeal. This period will expire on 25th February 2014.

Litigation in Italy

Logista, as a distributor of cigarettes, is currently a defendant in a claim commenced before a First Instance Judge (Giudice di Pace) in Naples by Mr Eduardo Arnese. The amount of the claim has not been precisely quantified by the claimant and is for damages suffered as a consequence of alleged addiction. Logista filed a challenge to the competence of the Giudice di Pace which was heard in 2006. The judgment on this and other procedural issues is awaited.

A claim has been threatened by two individuals against Imperial Tobacco Italy S.r.l and Reemtsma Distribution Company S.r.l for harm allegedly suffered as a consequence of the use of tobacco which had allegedly been damaged as a result of the use of a humidifying stone. The humidifying stone was not produced by either Imperial Tobacco Italy S.r.l or Reemtsma Distribution Company S.r.l. Each individual is claiming €400,000 (approximately £328,948³). Imperial Tobacco Italy S.r.l and Reemtsma Distribution Company S.r.l have denied liability. To date no formal proceedings have been issued.

Litigation in Saudi Arabia

The Saudi Minister of Health ("MoH") issued legal proceedings against distributors for international tobacco companies to recover the alleged costs of providing medical care to individuals with diseases associated with smoking. The Group has seen a copy of a purported claim document in which the defendants are alleged to be agents of named international companies including subsidiaries of Imperial Tobacco. As far as management is aware, there has been no indication that a Group company has been served with any court documents in relation to this claim.

According to the document the Group has seen, the MoH estimated that it was seeking damages of SR127 billion (approximately £20.29 billion³), representing the estimated cost of treating patients with alleged illnesses associated with smoking over the last 20 years. The document also refers to, but does not quantify, costs of treating future patients. Several court hearings have been scheduled and then adjourned, the latest having taken place on 20th June 2010. As no company of the Group has been served with any court documents, it has not attended any of the court hearings.

³ As at 18th February 2014

⁴ As at 18th February 2014

At the hearing on 20th June 2010, the MoH submitted a memorandum that indicated the amount of its claim which was being claimed from each of the defendants (it is claiming 11 per cent. of the total from Cigalah, a distributor for Imperial Tobacco).

The MoH applied for a stay of proceedings for six months under Article 82 of the Shari'ah Pleadings Regulations. All of the defendants (except one) agreed to the suspension and the judge ordered the stay. The MoH did not apply for the case to be reopened following the expiry of that six-month period and the case has therefore been deemed to have been abandoned by the MoH. The MoH may apply to the court to recommence the case in the future, but there has been no indication that it will do so.

Litigation by governments

In certain countries, including the U.K. and the Republic of Ireland, the press from time to time has reported that relevant government departments and health authorities have been examining U.S. legal proceedings to recover the costs of providing medical care for individuals with adverse health conditions associated with smoking, in order to consider whether similar litigation might be available in those jurisdictions. Other than the proceedings in: (i) Spain; and (ii) Saudi Arabia (to which the Group is not a party) mentioned above, the Group is not aware of any such pending or threatened legal proceedings against the Group. In particular, the Group is not party to the proceedings of this nature brought by the Department of Justice in the U.S. or the Federal Government of Nigeria and various Nigerian State Governments in Nigeria.

Summary

Imperial Tobacco is currently involved in a number of legal cases in which the claimants are seeking damages for alleged smoking and health-related effects. Having taken advice, Imperial Tobacco believes it has meritorious defences to these actions, all of which are being vigorously contested. Although it is not possible to predict the outcome of the litigation, management does not believe that the pending actions will have a material adverse effect upon the revenue, profit or financial condition of Imperial Tobacco.

Litigation in Ukraine

In August 2012, Imperial Tobacco Ukraine ("ITU") received a decision from the State Tax Service Department (the "Department") seeking to apply financial sanctions equivalent to approximately £87 million based on ITU's alleged contravention of the law on state regulation of production and circulation of alcohol and tobacco, by engaging in the wholesale trade of tobacco without the correct licence.

ITU's appeal against the decision was upheld by the Circuit Administrative Court in Kiev in October 2012. The Department's appeal to the Kiev Administrative Court of Appeal was dismissed in February 2013 and its further appeal to the Superior Administrative Court of Ukraine was dismissed in June 2013. In August 2013, the Superior Administrative Court of Ukraine dismissed the Department's application for its decision to be reviewed by the Supreme Court of Ukraine. There are limited circumstances in which the Department could file a further appeal and ITU has been advised that the prospect of this happening is low. As a consequence, the Group has not provided for any amount in the audited consolidated annual financial statements of Imperial Tobacco for the financial year ended 30th September 2013 in respect of this matter.

EC proceedings

In December 2007, the EC commenced state aid proceedings against the Spanish state pursuant to Article 88.2 of the European Union Treaty (current Art. 108.2 TFEU), relating to a Spanish tax law which allows the difference between the acquisition value and the net value of a stake in non-Spanish resident entities to be tax deductible in certain circumstances. The EC claimed that the law is selective in favour of certain entities and could have an adverse effect upon competition.

In October 2009, the EC rendered a negative decision with respect to the effect of the Spanish tax law on intra-European Union acquisitions, determining that these tax deductions qualified as state aid, since it provided selective advantage to Spanish companies in the acquisition of non-Spanish resident European Union targets, making it incompatible with the European Union single market. The EC limited the effect of

its decision, however, to any tax deductions taken under this law after 21st December 2007, when these EC proceedings were commenced, reasoning that the companies who took these tax deductions had “legitimate expectations” that this Spanish tax law was valid and did not conflict with European Union state aid provisions. Since Logista acquired its European Union-investment in 2004, it will not have to reimburse the amounts of its tax deductions, which amounted to c. €62 million (approximately £51.7 million) as of 30th September 2013.

In January 2011, the EC rendered a decision with respect to the tax deductions taken under the Spanish tax law relating to acquisitions in non-European Union countries, determining that such tax deductions also constituted state aid, incompatible with the European Union single market. Under the same “legitimate expectations” reasoning that it applied in the case of acquisitions of European Union targets, the EC limited recovery of these tax deductions to those related to transactions carried out after 21st December 2007. Since Altadis acquired its shareholding in Morocco in 2003 and 2006, it will not have to reimburse the amounts of its tax deductions which amounted to €159 million (approximately £132.5 million) as of 30th September 2013.

Several companies have appealed both the European Union and non-European Union decision before the General Court of the European Union. Most of the appeals defend that the measure did not entail State aid and that the principle of legitimate expectations should have been extended until the publication of the final decisions in the official Journal. The only exception is the appeal filed by a non Spanish entity against the acknowledgement of the existence of legitimate expectations in the European Union decision until the 21st December 2007.

As of the date of this Prospectus, the proceedings regarding both EC decisions (on European Union and non-European Union targets) are still unfinished.

As a consequence, the amount deducted by Logista related to the European Union operation would only be subject to a recovery order if the appeal related to the legitimate expectation is allowed.

The Altadis deduction related to the operation in Morocco is no longer under discussion and will not be subject to a recovery order.

Litigation by trade unions

In January 2006, Altadis and Logista discontinued the supply of tobacco products to certain of their current and retired employees as a result of Spanish legislation prohibiting, amongst other things, the sale and supply of tobacco products by means other than through authorised outlets. Certain trade unions issued legal proceedings against Altadis and Logista and in July 2006, the Court of First Instance in Spain ruled that the companies’ decisions to discontinue the supply were lawful but that they were obliged to compensate the relevant employees with the point-of-sale cash equivalent. Both parties appealed this decision to the Spanish Supreme Court. On 8th April 2008 and 18th April 2008 respectively, the Supreme Court held that Altadis and Logista were right to discontinue the supply of tobacco products to their employees and that they should substitute the supply of tobacco products with cash, but not at their retail price. Imperial Tobacco estimates the net present value of any compensation which may be paid by Altadis, Imperial Tobacco España S.L.U., Tabacalera S.L.U. and Logista to be in the region of €184 million (approximately £153.1 million), in aggregate. Appropriate provisions exist in the companies’ statutory accounts.

Regulatory Environment

Other Regulatory Initiatives

A variety of regulatory initiatives affecting the tobacco industry have been proposed, introduced or enacted in recent years, including: the levying of substantial and increasing excise duties; restrictions or bans on advertising, marketing and sponsorship; the display of larger health warnings, graphic health warnings and other labelling requirements on tobacco product packaging; restrictions on packaging design, including the use of colours and plain packaging; restrictions on pack content, including minimum quantity per pack; restrictions or bans on the display of tobacco product packaging at the point of sale and restrictions or bans

on cigarette vending machines; restrictions on the type of retail outlets that are permitted to sell tobacco products; requirements regarding testing, verification and maximum limits for tar, nicotine, carbon monoxide; requirements regarding ingredients and emissions reporting, evaluation and possible bans of certain tobacco product ingredients; requirements that products and changes to products are approved by regulatory authorities prior to sale; requirements that cigarettes meet safety standards for ignition propensity; increased restrictions on smoking in public and work places and, in some instances, in private places and outdoors; and implementation of measures restricting descriptive terms which might be alleged to create an impression that one brand of cigarettes is less harmful than another.

Imperial Tobacco continues to manage these challenges and seeks to engage with governments and other regulatory bodies to find reasonable, proportionate and evidence-based solutions to changing regulations.

World Health Organisation Framework Convention on Tobacco Control

The World Health Organisation (“WHO”) Framework Convention on Tobacco Control (“FCTC”) is an all-encompassing instrument for regulating tobacco products on a global level. The original treaty is being supplemented by protocols and guidelines, some of which are currently under development. While guidelines are not legally binding, they provide a strong framework of recommendations for parties to the guidelines. These guidelines are applicable to the business of the Group.

The guideline on advertising, for instance, seeks to broaden the definition of tobacco advertising to include product display, vending, Corporate Social Responsibility (“CSR”) reporting, other tobacco products and tubes, as well as the pack itself. It further introduces the idea of “innovative health warnings”, i.e. health warnings printed on the actual cigarette. The parties have also adopted a protocol in relation to anti-illicit trade.

Other areas of concern include the suggestion to introduce plain packaging, the rejection of any industry partnership and the denormalisation of CSR activities.

Future areas of work to be progressed into guidelines include taxation, product regulation and the provision of support for economically viable alternatives to tobacco growing.

Almost all of the WHO FCTC provisions entail extra costs for the tobacco industry in one way or another. A change in the number and size of on-pack health warnings, for instance, requires new printing cylinders to be commissioned, while the implementation of new plant protection product standards, product testing and the submission of ingredients information to national governments require extensive resources, time and material.

EU Tobacco Product Directive

The European Union Tobacco Products Directive (“TPD”) was adopted in May 2001 for introduction into Member States’ laws by September 2002, with a purpose to, *inter alia*, set maximum tar, nicotine and carbon monoxide yields, introduce larger health warnings and ban descriptors such as “light” and “mild”.

A review of the original Directive commenced in 2010. Following discussions and review at Council and national parliament levels, the European Parliament (“EP”) Plenary voted on their amendments to the Commission’s Proposal in October 2013. The outcome of the Parliament vote was a negotiating position for the trilogues (final negotiations between the Parliament, Council and Commission). The EP approved the revised TPD text in January 2014. The text still needs to be formally adopted by the Council of Ministers and the EP in its plenary session. This means the revised TPD is likely to be published officially in April 2014, with transposition into Member States likely during 2015 and 2016. The revised TPD may further limit Imperial Tobacco’s ability to communicate with consumers and increase Imperial Tobacco’s cost of operating. Provisions include: increased pictorial health warnings to 65 per cent. (top of front and back of pack); restrictions on pack shape and size, including minimum pack sizes of 20 sticks for cigarettes and 30g for roll-your-own/make-your-own tobacco; increased ingredients reporting; a ban on characterising flavours (including menthol); ‘track and trace’ to retail level; e-cigarettes included within TPD provisions including nicotine limits, pre-market notification, ingredients reporting and advertising bans.

This Directive is an important piece of European Union legislation both for Imperial Tobacco's European markets and for its European Union export markets and could have an impact on the entire tobacco product portfolio.

Food and Drug Administration (“FDA”) regulation of tobacco products in the U.S.

In June 2009, the U.S. Congress passed the Family Smoking Prevention and Tobacco Control Act (the “Act”) which gave the FDA regulatory authority over all tobacco products with immediate effect over FMC, RYO and smokeless products.

Key elements of the Act regulate the annual registration of tobacco companies, product testing and the submission of ingredient information; require FDA approval for all new products, brands or product modifications; bans all characterising artificial or natural flavours other than tobacco or menthol; establish ‘user fees’ to fund FDA regulation of tobacco products; increase the health warning size on cigarette packs with the option to introduce pictorial health warnings; provide for implementation of good manufacturing practices; revise the labelling and advertising requirements for smokeless tobacco products; and allow FDA to issue regulations assuming authority over other tobacco products. However, the Act stops short of allowing the FDA to ban the sale of tobacco products to adults, to lower the nicotine contents to zero and to make cigarettes available by prescription only.

The Act may limit Imperial Tobacco's ability to communicate with consumers, may restrict its lawful ability to participate in the scientific and political debate surrounding its products and may limit its ability to launch new or change existing products. The Act will substantially increase Imperial Tobacco's cost of operating in the U.S.: apart from the annual ‘user fees’ to fund FDA oversight of tobacco products, almost all provisions come at a considerable expense and additional resource.

Since the Act's implementation, Commonwealth Brands, along with other tobacco stakeholders, have brought two legal actions against the FDA, both involving constitutional challenges to provisions in the Act and/or regulations implementing the Act. Both cases have now concluded and successfully challenged certain aspects of the Act.

The first action was filed on 31st August 2009, in the Western District Court of Kentucky. The basis of the challenge was that the Act interferes with the commercial free speech rights of the companies under the U.S. Constitution. In January 2010, the district court held that the ban on colour and graphics in packaging and advertisements, and on references to the FDA (which might imply governmental assurances of safety) contained in the Act, *did* violate the First Amendment because they were overbroad. The court upheld most of the other new marketing restrictions prescribed in the legislation (a ban on the sponsorship of athletic events, social and cultural events or offering free samples or branded merchandise, and a requirement that warning labels cover 50 per cent. of cigarette packs). Both sides appealed the matter to the U.S. Court of Appeals for the Sixth Circuit, which sits in Cincinnati, Ohio and covers the states of Kentucky, Michigan, Ohio and Tennessee. On 19th March 2012, the Sixth Circuit issued a decision affirming most of the lower court's findings. In October 2012, the plaintiffs filed a request for appeal to the U.S. Supreme Court, which was denied in April 2013. The Supreme Court's refusal to accept the case on appeal means the Sixth Circuit decision stands.

The second lawsuit was filed in August 2011, in the Federal District Court for the District of Columbia, following the FDA's issuance of a Final Rule regarding the pictorial health warning (“PHW”) requirements for cigarette labels and advertising. The lawsuit challenged the constitutionality of the regulation which mandated various non-factual information such as cartoon images, enhanced photographs and a telephone number for a quit line.

On 7th November 2011, the court entered an interim order finding the regulations unconstitutional and prohibiting the FDA from enforcing any new graphic image or textual warning requirements until 15 months after the court issues a final ruling on the constitutional issues raised in the lawsuit. The FDA appealed, and the plaintiffs cross-appealed, the decision. On 24th August 2012, the DC Circuit Court of Appeal affirmed in large part the lower court decision. A motion filed by the FDA to have the case reviewed by the entire court panel of judges was rejected on 5th December 2012. In March 2013, the FDA decided not to appeal

the DC Circuit Court of Appeals ruling, with the effect that the court's decision that the pictorial health warnings as established in the regulation remain unconstitutional now stands. The FDA is now seeking to redraft the regulations in a way that will be upheld by the court. No timeline has been issued by the agency within which to complete and issue the new regulations.

Plain and standardised packaging

The issue of plain packaging is high on the agenda of tobacco control groups. It is also being considered at the WHO FCTC where the recommendation to introduce plain packaging currently features in the guideline on advertising, promotion and sponsorship and on packaging and labelling. In the European Union, a review of plain packaging was initially proposed as part of the TPD revision but was rejected by most Member States early on in the process. However, two Member States are currently considering standardised packaging on a national level.

The Australian government's tobacco plain packaging Acts took effect in December 2012. On the 6th December 2011, Imperial Tobacco Australia Limited, along with other manufacturers, launched a legal challenge against plain packaging legislation in Australia. On 15th August 2012, the High Court found that the plain packaging laws were valid under the Australian Constitution. The Australian Government still faces multiple challenges on the international front, which are unaffected by the High Court decision. These include challenges from five governments in the World Trade Organisation ("WTO") and a further challenge under a bilateral investment treaty.

New Zealand consulted on whether to introduce plain packaging in 2012. In February 2013, the New Zealand government confirmed its intention to introduce plain packaging legislation, but said it would wait until the WTO / Australia case has been resolved before final implementation. However, in December 2013, the Health Minister launched the text of the Plain Packaging Bill along with a Departmental Disclosure Statement identifying the policy intent and quality assurance mechanisms for the legislation. It is possible that there will be a consultation in March or April 2014.

The U.K. also consulted on Standardised Packaging in 2012. Following publication of the Department of Health's Consultation Summary Report⁵ in July 2013, the U.K. Government issued a Ministerial Statement advising it had decided to postpone the introduction of standardised packaging in the U.K. until "the emerging impact of the decision in Australia can be measured"⁶. On 28th November 2013, the Department of Health announced an independent review of all available evidence on standardised packaging in England, formalising its previous statement that it would keep the policy under review as evidence from Australia emerges⁶. Sir Cyril Chantler has been selected to carry out the independent review, with the report scheduled for March 2014. The government recently passed the Children and Families Bill which, amongst other things, gives ministers the power (should they decide to proceed with the policy) to introduce standardised packaging regulations "quickly" when the review is complete. The Bill is currently awaiting Royal Assent. Scotland, Wales and Northern Ireland all passed legislative consent motions which allow any regulations under the Children and Families Bill relating to tobacco packaging to apply to the entire UK but have reserved the right to introduce their own legislation if dissatisfied with Westminster's commitment.

A number of other markets have also expressed an interest in exploring the possibility of implementing plain packaging in the future. For example, Ireland has published its Heads of Bill (an outline of the government's plans for standardised packaging) and this was formally presented to the Health Committee on 5th December 2013. The Committee called for submissions on the Heads of Bill and, from this, a number of key stakeholders were invited for oral hearings during January and February 2014. The Committee will now make a recommendation on whether to proceed with plain packaging. The government's legislative programme for the Spring / Summer session 2014 confirms that it is pushing for the enactment of standardised packaging in the first half of 2014.

Plain or standardised packaging eliminates the ability for consumers to differentiate brands, increases the burden on retailers, further encourages illicit trade and infringes upon intellectual property rights and trademarks.

Regulation of flavoured tobacco products

Some countries are now seeking to ban certain flavoured cigarettes, arguing that such products disproportionately appeal to minors and act as a catalyst for young people to take up smoking. A ban of characterising flavours (with the exception of menthol) in cigarettes has taken effect in the U.S. under the FDA Act in September 2009. Furthermore, the U.S. Department of Health and Human Services (“HHS”) FDA released an update to its regulatory agenda for 2013⁸ which included a statement that the FDA expects to issue a notice by the end of 2013 (as at the date of this Prospectus a notice has not been issued) whereby it will “deem” other tobacco products to be under its regulatory authority. This is expected to capture e-cigarettes, cigars and other products such as dissolvable tobacco, hookah/shisha and pipe tobacco. In Canada, the manufacture and sale of cigarettes, little cigars and blunt wraps with characterising flavours are banned. The majority of Australian States have also banned flavours in cigarettes that give an “overtly” fruit-flavoured taste, and the government is currently considering further regulatory options. The issue may also be extended to cigars at some point in the future. Restrictions or bans concerning the use of flavourings (including menthol) will form part of the TPD revision.

A ban of flavoured cigarettes would require manufacturers to review and adapt their product portfolio in order to offer consumers an alternative when flavoured cigarettes are no longer available, either by way of developing innovative products or offers in other categories.

Product display restrictions at point of sale

Product display restrictions at point of sale have been in place in a small number of countries for a number of years now and have been implemented both on national and local level. Norway, Iceland, Finland, New Zealand, Thailand, Canada, Australia and a number of other countries have implemented or passed legislation banning tobacco display.

Ireland was the first European Union Member State to introduce a point-of-sale display ban effective July 2009 and England banned displays in large retail outlets from April 2012. Northern Ireland implemented a display ban in large retail outlets in October 2012, with Wales and Scotland following in December 2012 and April 2013 respectively. England, Scotland, Wales and Northern Ireland will all introduce display bans in smaller shops from April 2015.

The Group applied for judicial review in the Scottish courts seeking to challenge the ability of the Scottish Parliament to legislate for vending and display bans in Scotland. The challenge was rejected by the Outer House (the court of first instance in Scotland) and the Inner House (the Scottish Court of Appeal). On 12th December 2012, the appeal was rejected by the U.K. Supreme Court and the ban on the display of cigarettes in large retail outlets in Scotland came into force in April 2013.

Product display bans take away an important aspect of the consumer purchasing process and distort competition between tobacco manufacturers and retailers. Experience has shown that retailers often reduce the number of stock keeping units that they are likely to stock, which in turn makes it necessary for companies to review and adapt their product portfolio in certain markets.

Smoking in public places (“SIPPs”)

The majority of countries in which Imperial Tobacco operates have enacted restrictions on smoking in public places, although the degree and severity of these restrictions vary. Comprehensive smoking bans in hospitality venues are in place in a number of markets including in Ireland, the United Kingdom, Norway, New Zealand, Australia, as well as within Canada and the U.S.

⁸ Source: US Office of Information and Regulatory Affairs <http://www.reginfo.gov/public/do/eAgendaViewRule?publd=201310&RIN=0910-AG38>

The European Council of Ministers adopted a non-binding Recommendation on Smoke Free Environments, which called on Member States to bring in line their laws to protect their citizens from environmental tobacco smoke exposure by 2012.

However, in autumn 2013, the European Commission stated that they have decided not to pursue European Union-wide SPPs workplace legislation.

As tobacco regulation increases in speed, scale, scope and sophistication, some countries are also seeking to regulate public smoking in non-workplace environments such as outdoor dining areas, parks, beaches, balconies and cars carrying children. Some U.S. and Australian states and Canadian provinces have already passed legislation to this end and others are likely to follow at some point in the near to mid-term future. Furthermore, there have been incidences where local councils have banned smokers from adopting or fostering young children and in line with the aforementioned increasing discrimination against smokers.

Experience in many markets has shown that following the introduction of public place smoking restrictions there is usually an initial decline in consumption, which diminishes over time.

Pictorial health warnings

There is a general trend towards the introduction of pictorial health warnings and some countries including Canada, Brazil, Australia, New Zealand, Thailand, Singapore, Ireland and the United Kingdom currently already have PHW on tobacco products.

In the European Union, only a comparatively small number of Member States have chosen to introduce PHW so far and the European Union authorities are now mandating their use European Union-wide through the revised of the European Union TPD.

According to anti-smoking groups, PHW are designed to shock smokers into quitting. The printing process itself is extremely complex, especially when there are a significant number of images and warnings that are required to be rotated. This adds substantially to the manufacturing cost of the Group's products and further complexity in the supply chain if old stocks are required to be removed from the retail market.

Guarantees

Imperial Tobacco has guaranteed various borrowings and liabilities of certain U.K. and overseas subsidiary undertakings, including various Dutch and Irish subsidiaries. As at 30th September 2013, the contingent liability totalled £11,238 million (2012: £9,378 million).

The guarantees include the Dutch subsidiaries which, in accordance with Book 2, Article 403 of The Netherlands Civil Code, do not file separate financial statements with the Chamber of Commerce. Under the same article, Imperial Tobacco has issued declarations to assume any and all liability for any and all debts of the Dutch subsidiaries.

The guarantees also cover the Irish subsidiaries, all of which are included in the financial statements at 30th September 2013. The Irish companies, namely John Player & Sons Limited and Imperial Tobacco Mullingar, have therefore availed themselves of the exemption provided by section 17 of the Irish Companies (Amendment) Act 1986 in respect of documents required to be attached to the annual returns for such companies.

All Notes issued under the Programme will be irrevocably and unconditionally guaranteed by Imperial Tobacco as described in the Trust Deed. The guarantee is an unsecured, unsubordinated obligation of Imperial Tobacco, guaranteeing all monies due under the Notes.

Trading statement regarding three month period ended 31st December 2013

The Group's reported sales volumes decreased by 11 per cent. for the three month period ended 31st December 2013 as compared to the same period in the previous year, partly as a result of the stock optimisation programme which has significantly reduced trade inventory in a number of markets. Excluding the effect of the stock optimisation programme, underlying sales volumes declined by 5 per cent. broadly in line with the industry.

On an underlying basis, growth brand (as described above on page 63) volumes and tobacco net revenue for growth brands each grew by two per cent. and in the Growth Markets, volume for the growth brands increased by eight per cent. Specialist brand tobacco (as described above on page 63) net revenue grew by one per cent. and in the Growth Markets, tobacco net revenue grew by three per cent., with strong growth in many markets, particularly in Russia, the Middle East and Indochina. In the Returns Markets, tobacco net revenue grew by one per cent. and in the logistics business, sales improved compared with the same period last year, adjusted for the timing of excise tax increases.⁹

Recent Developments

Imperial Tobacco is reviewing its options in relation to a potential IPO of Logista. There is no certainty as to the outcome of that review.

Imperial Tobacco Limited

Imperial Tobacco Limited (“ITL”) was incorporated as a private company with limited liability under the laws of England and Wales on 1st November 1984. Its registered office is at 121 Winterstoke Road, Bristol BS3 2LL, England (telephone number: +44 (0) 117 963 6636). It is registered with the Registrar of Companies in England and Wales with company number 01860181.

ITL is an indirect wholly-owned subsidiary of Imperial Tobacco. It has issued share capital of £18,831,139 comprising 18,831,139 ordinary shares of £1 each.

The principal activity of ITL, as the Group’s main U.K. operating subsidiary, is the manufacture, marketing and sale of tobacco and tobacco-related products. ITL is also a holding company and an intermediate parent company for all of the Group’s subsidiaries except the Issuer, Imperial Tobacco Holdings (2007) Limited and Imperial Tobacco Holdings Limited.

The Directors and Company Secretary of ITL are as follows:

Name	Title
Alison J Cooper	Director
Oliver R Tant	Director
Kenneth Hill	Director
Nicholas J Keveth	Director
David I Resnekov	Director
John M Downing	Company Secretary

The business address of the Directors is 121 Winterstoke Road, Bristol BS3 2LL, England. Three of the current Directors hold external positions outside the Group as follows: Alison Cooper is a Non-Executive Director of Inchcape PLC, Oliver R Tant is a Director of The Copse House Cider Company Ltd, a Director of Landshire Estates Ltd, a Director of Landshire Cider Ltd, a Director of Millfield, a member of the Board of Future Fuel No. 1 LLP and a member of the Board of Cobalt Data Centre 2 LLP. David Resnekov is a Director of Longacres Management Company (Bristol) Limited.

There are no existing or potential conflicts of interest between any duties to ITL of the Directors and/or their private interests and other duties.

All Notes issued under the Programme will be irrevocably and unconditionally guaranteed by way of an amended and restated deed of guarantee dated 21st February 2014 by ITL (the “Deed of Guarantee”). The guarantee is an unsecured, unsubordinated obligation of ITL, guaranteeing all monies due under the Notes. The Deed of Guarantee may be terminated at the option of ITL if each credit rating agency which ascribes a solicited long-term credit rating to Notes issued under the Programme confirms in writing to the Trustee that such Notes will carry the same credit rating as the solicited long-term corporate credit rating ascribed to the Group, without the benefit of any guarantee, indemnity or similar arrangement from ITL or any other entity other than the Guarantor.

Taxation

United Kingdom Taxation

The comments below are of a general nature based on current United Kingdom law as applied in England and Wales and published United Kingdom HM Revenue and Customs (“HMRC”) practice (which may not be binding on HMRC) relating to the deduction of tax from interest. They do not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes or Coupons. They do not necessarily apply where the income is deemed for tax purposes to be the income of any person other than the holder of the Note or Coupon. They relate only to the position of persons who are the absolute beneficial owners of the Notes and Coupons and may not apply to certain classes of persons such as dealers or certain professional investors. Prospective Noteholders should be aware that the particular terms of issue of any series of Notes may affect the tax treatment. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. The following is a general guide. It is not intended to be exhaustive and should be treated with appropriate caution. Any Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who are in doubt as to their personal tax position should consult their professional advisers.

Interest on the Notes

While the Notes which are issued by Imperial Finance are and continue to be listed on a recognised stock exchange within the meaning of Section 1005 of the Income Tax Act 2007, payments of interest by Imperial Finance may be made without withholding or deduction for or on account of United Kingdom income tax. The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where interest on the Notes is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest; provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

If the Notes carry a right to interest and have a maturity date less than one year from the date of issue (and are not issued with a maturity date pursuant to any arrangement, the effect of which is to render such Notes part of a borrowing intended to be capable of remaining outstanding for one year or more), payments of interest may be made without withholding or deduction for or on account of United Kingdom income tax irrespective of whether or not the Notes are listed.

In other cases, an amount must generally be withheld from payments of interest on the Notes on account of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to the availability of other reliefs or to any direction from HMRC in respect of such relief as may be available pursuant to the provisions of any applicable double taxation treaty.

If the Guarantor makes any payments in respect of interest on the Notes (or other amounts due under the Notes other than the repayment of amounts subscribed for the Notes), such payments might be subject to withholding on account of United Kingdom tax at the basic rate (currently 20 per cent.) subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply. Such payments by the Guarantor might not be eligible for the other exemptions from the obligation to withhold tax described above.

HMRC has powers to obtain information and documents relating to the Notes including in relation to issues of and other transactions in the Notes, interest, payments treated as interest and other payment derived from

the Notes. This may include details of the beneficial owners of the Notes, the persons for whom the Notes are held and details of the persons to whom payments derived from the Notes are or may be paid. Information may be obtained from a range of persons, including the holders of the Notes, persons who effect or are party to transactions relating to the Notes on behalf of others and certain registrars or administrators of such transactions, persons who make, receive or are entitled to receive payments derived from the Notes and persons by or through whom interest and payments treated as interest are paid or credited. In certain circumstances, the information obtained by HM Revenue & Customs may be exchanged with tax authorities in other countries.

HMRC has indicated that it will not use its information gathering powers relating to interest and payments treated as interest to obtain information about amounts payable on the redemption of deeply discounted securities which are paid before 6 April 2014. HMRC has not given any indication about whether it might use its other information gathering powers to obtain information about such payments.

European Union Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC (referred to in the following paragraph as the “Directive”) on the taxation of savings income, Member States of the European Union are required to provide to the tax authorities of another Member State of the European Union details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State of the European Union or to certain limited types of entities established in that other Member State of the European Union. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system (subject to a procedure whereby, on meeting certain conditions, the beneficial owner of the interest or other income may request that no tax be withheld) in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-European Union countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). In April 2013, the Luxembourg Government announced its intention to abolish the withholding system with effect from 1 January 2015, in favour of automatic information exchange under the Directive.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“FATCA”) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a “foreign financial institution”, or “FFI” (as defined by FATCA)) that does not become a “Participating FFI” by entering into an agreement with the U.S. Internal Revenue Service (“IRS”) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a “United States Account” of the Issuer (a “Recalcitrant Holder”). The Issuer may be classified as an FFI.

The new withholding regime will be phased in beginning 1st July 2014 for payments from sources within the United States and will apply to “foreign passthru payments” (a term not yet defined) no earlier than 1st January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the “grandfathering date”, which is the later of (a) 1st July 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as

grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an “IGA”). Pursuant to FATCA and the “Model 1” and “Model 2” IGAs released by the United States, an FFI in an IGA signatory country could be treated as a “Reporting FI” not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being “FATCA Withholding”) from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States and the United Kingdom have entered into an agreement (the “US-UK IGA”) based largely on the Model 1 IGA.

If the Issuer is classified as an FFI, it expects to be treated as a Reporting FI pursuant to the US-UK IGA and does not anticipate being obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that the Issuer will be treated as a Reporting FI, or that it would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, the Guarantor, any paying agent and the Common Depository/Common Safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an intergovernmental agreement will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, Definitive Notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER’S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

The proposed financial transactions tax (“FTT”)

The European Commission has published a proposal for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the participating Member States).

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional European Union Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Subscription and Sale

Summary of Programme Agreement

Subject to the terms and on the conditions contained in an amended and restated programme agreement dated 21st February 2014 (such Programme Agreement as modified and/or supplemented and/or restated from time to time, the “Programme Agreement”) between the Issuer, the Guarantor, the Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Programme Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the establishment of the Programme and the Dealers for certain of their activities in connection with the Programme.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Programme Agreement entitles the Dealers to terminate any agreement that they make to subscribe for Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Notes in bearer form having a maturity of more than one year are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and Treasury regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA C rules or TEFRA D rules apply or whether TEFRA is not applicable.

Each Dealer has agreed that, except as permitted by the Programme Agreement, it will not offer, sell or deliver the Notes of any identifiable Tranche (i) as part of their distribution at any time or (ii) otherwise until 40 days after completion of the distribution of such Tranche as determined, and certified to the Issuer, by the Issuing and Paying Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Dealer has represented, warranted and undertaken that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Prospectus as completed by the final terms in

relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such Notes to the public in that Relevant Member State:

- (i) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- (ii) at any time to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iii) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (i) to (iii) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- the expression an “offer of Notes to the public” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State;
- the expression “Prospectus Directive” means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in each Relevant Member State; and
- the expression “2010 PD Amending Directive” means Directive 2010/73/EU.

United Kingdom

Each Dealer has represented, warranted and agreed that:

- (i) in relation to any Notes which have a maturity of less than one year, (i) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (ii) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of Section 19 of the FSMA by the Issuer;
- (ii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer or the Guarantor; and
- (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “FIEA”). Accordingly each Dealer has represented, warranted and agreed that it has not, directly or indirectly, offered or sold and shall not, directly or indirectly, offer or sell Notes in Japan or to, or for the benefit of, any resident of Japan, or to others for re-offering or re-sale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)

except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and other relevant laws and regulations of Japan. As used in this paragraph, “resident of Japan” means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

General

Each Dealer has acknowledged that no representation is made by the Issuer, the Guarantor or any Dealer that any action has been or will be taken in any jurisdiction by the Issuer, the Guarantor or any Dealer that would permit a public offering of the Notes, or possession or distribution of the Prospectus or any other offering material, in any country or jurisdiction where action for that purpose is required. Each Dealer will comply with all applicable securities laws and regulations (to the best of its knowledge after due and careful enquiry) in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Prospectus or any other offering material, in all cases at its own expense.

General Information

1. The listing of the Notes on the Official List will be expressed as a percentage of their nominal amount (exclusive of accrued interest). It is expected that listing of the Programme on the Official List and admission of the Notes to trading on the Market will be granted on or around 26th February 2014. It is further expected that each Tranche of Notes which is to be admitted to the Official List and to trading on the Market will be admitted separately, subject only to the issue of a temporary or permanent Global Note (or one or more Certificates) in respect of each Tranche. Prior to official listing and admission to trading, however, dealings will be permitted by the London Stock Exchange in accordance with its rules. Transactions on the London Stock Exchange will normally be effected for delivery on the third working day after the day of the transaction.
2. The Issuer, the Guarantor and ITL have obtained all necessary consents, approvals and authorisations in the U.K. in connection with the issue and performance of the Notes and the guarantees relating to Notes issued under the Programme.
